29. Special Approval - 190 Ajax Drive.

A public hearing was held to hear comments, if any, to permitting the use of a karate school in the indoor basketball facility at 190 Ajax Drive. Marvin Henderson, General Manager and Steven Jacob, owner of the building, were present and stated that the Karate school is now located in the Backwall Racquetball facility and is in need of more space. The Basketball Warehouse does not use all of the 11,500 square feet in the building and that 2,500 is proposed to be leased to the Karate school. They stated most of the clientele would be children whose parents would drop them off, thereby reducing the need for parking, and that extra parking is available in the office parking lot to the south and across the street. There being no further comments, the public hearing was closed.

Motion by Councilwoman Mills,
Supported by Councilwoman Stema,

WHEREAS, a Special Approval Board application has been received from Steven Jacob, 1065 Chesterfield, Birmingham, to permit the use of a karate school to be located in the Basketball Warehouse building at 190 Ajax Drive; said property is zoned Light Industrial; and

WHEREAS, 39 postcard notices of the public hearing were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department stating that in June of 1992, the owners of the Backwall Fitness & Racquet Club were granted Special Approval to operate an indoor basketball facility at this address (Basketball Warehouse). The structure contains 11,500 square feet and houses four (4) reduced sized basketball courts. Parking is presently adequate to serve the facility. In September of 1993, the Council granted the same petitioners approval to construct and operate an outdoor basketball court on the parking lot between the Backwall building and the Basketball Warehouse building. While not yet constructed, the court will be fenced to a height of 12 feet and operated during the hours of 10 a.m. and 9 p.m. In order to construct this outdoor court, approximately 10 parking places will be eliminated. The petitioners are now requesting Council's approval to relocate a

karate school from the Backwall building into the front portion of the Basketball Warehouse building. The karate school has been sharing space in the aerobics area in the Backwall building resulting in crowded conditions. The manager of the facility has advised us that once the karate school moves out, there will not be any expansion of the aerobics classes or any new functions added within the building. Because this request amounts to a shift of a use between two buildings under the same ownership/control, no additional parking spaces would be required. In the past, any parking requirement shortfalls within the Backwall or Basketball Warehouse buildings have been covered by extra parking available within the large office parking lot to the south and across the street. The subject property is zoned M-1 Light Industrial. Section 10.329 (5) of the Zoning Ordinance allows Council to grant Special Approval to retail or service uses which serve the convenience needs of the industrial district. If Council should approve this request, this Department recommends that the approval be conditioned upon revision of the existing parking easement agreement guaranteeing that the occupants of the Backwall building will have adequate parking space available.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.329(5) of the Code of Ordinances, hereby approves the request conditioned upon revision of the existing parking easement agreement.

Richard Kroopnick, Attorney 401 S. Woodward Suite 400, Birmingham, Michigan representing the owners of the property, Huron River Credit Union, stated that the property was designed for the purpose of a credit union and there is no market for this use as a credit union or bank giving the age and size of the building. Douglas Klang representing the potential owners of the property, Family Video, stated that they are a chain of 43 video stores in Michigan, Illinois and Indiana and are expanding in the Detroit Metropolitan market. Changes to the building would be cosmetic and include adding windows and interior lighting. Tony Capoccia, 141 West 13 Mile Road stated that he was owner of several shopping centers in the area and objected to the video store because of the congested traffic area and he also stated that he would be interested in buying the property for office use. John Pulice, 30869 Avondale stated that he was opposed to the rezoning. There being no further comments from the audience the public hearing was closed.

Motion by Councilwoman Russell, to table the request to rezoning Acreage Parcel 01-351-012 to allow the Huron Credit Union to seek other alternatives for the use of the property; and that the Community Development Department meet with Family Video to investigate a more viable site.

53. Ordinance 910 - Denied.

A public hearing was held to hear comments, if any, to rezoning Acreage Parcel 01-351-012 from O-1 Office to B-1 Local Business, said property is located on the northeast corner of John R and 13 Mile Roads. Richard Kroopnick, Attorney 401 S. Woodward Suite 400, Birmingham, Michigan representing the owners of the property, Huron River Credit Union, stated that the property was designed for the purpose of a credit union and there is no market for this use as a credit union or bank giving the age and size of the building. John Pulice, 30869 Avondale stated that he was opposed to the rezoning. There being no further comments from the audience the public hearing was closed.

Motion by Councilman McGillivray, supported by Councilwoman Russell, that Ordinance 910 to rezone Acreage Parcel 01-351-012 from 0-1 Office to B-1 Local Business, said property being located on the northeast corner of John and 13 Mile Roads be denied because it would add to the existing traffic congestion at 13 Mile Road and John R Road intersection, and create hazards for pedestrian traffic.

54. Special Approval - Apartment at 26040 John R Road.

A public hearing was held to hear comments, if any, to permitting the use of an existing residential apartment to continue to be located above an existing business at 26040 John R Road, said property is zoned B-3, General Business. There being no comments from the audience, the public hearing was closed.

Motion by Councilman McGillivray,
Supported by Councilwoman Johnston,

WHEREAS, a Special Aprovals Board application has been received from Edward G. Whitman, 26040 John R Road requesting the continued use of the property at 26040 John R Road for a residential apartment above an existing business; and

WHEREAS, a public hearing was advertised in the Daily Tribune on February 17, 1994, and 160 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that for many years, the second floor of the commercial building located at 26040 John R (Headrest Hair and Tanning Salon) has been used as an apartment. The subject property is presently zoned B-3 General Business, which does not permit residential uses. However, because the residential usage predates the adoption of our Zoning Ordinance, the apartment has been classified as a legally established non-conforming use which may continue until the use is abandoned, the building is proposed for expansion or it is destroyed by some calamity. The building presently contains approximately 916 square feet on the first floor and l,032 square feet within the second floor apartment. The property is 130 feet wide and 119 feet deep. The owner of the building has now indicated that he is proposing an 890 square foot addition to the main floor of the structure so that he can expand his business. The project also includes an extension of the paved parking area which serves the site. Because this request involves the expansion of a building which contains a legally established non-conforming residential use, it is necessary for Council to authorize the continuation of the second floor apartment.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, Acting as a Special Approvals Board in accordance with Section 10.326 of the Code of Ordinances, hereby approves the request.

Yeas: Russell, Suarez, Johnston and McGillivray.

Eugene Kaczmar, County Commissioner, 31430 Meadows,stated that the appointment of Thomas Waffen is contrary to the intent of the 641 Plan and Commissioner Kaczmar has brought this to the attention of the DNR. As indicated on the enclosed site plan, the outdoor cafe would be 20 feet wide by 48 feet deep and be located on the east side of the building within a recessed area. The hours of operation will be 11 a.m. to 11 p.m. Monday through Friday, 5 p.m. to midnight on Saturday and noon until 10 p.m. on Sunday. 91. Public Hearing - Special Approvals Board.

A public hearing was held to hear comments, if any, to permitting the use of a sit-down and drive-thru restaurant (Taco Bell) at 1611 East 12 Mile Road said property is zoned B-1, Local Business. Joseph Galvin, Attorney, 150 W. Jefferson, Suite 2500, Detroit, Michigan representing Taco Bell gave a short presentation reviewing an aerial photo, a site plan and drawing. He also stated that the site plan has been modified to meet the concerns voiced by both the condominium owners and the City of Madison Heights. He also referred to a chronological list of the events that have taken place since their first request for Special Approval. He also stated that Taco Bell would be willing to restrict the hours of operation to those in effect for the Burger King restaurant located at 1540 East 12 Mile Road. The following residents objected to the restaurant and drive-thru: Rose Balmer, 29232 Tessmer Court, Judith Goldstein, 29292 Tessmer Court, John Pinkowski 29228 Tessmer Court, Michl Kesteloot 29251 Tessmer Court, Elaine Prisbe, 1651 East 12 Mile Road, Robin McDonald, 29189 Tessmer Court, Eugene Prisbe, 1651 East 12 Mile Road, Veronica Genslak, 29025 Tessmer Court, State Representative John Freeman, Sherry Allen, 29131 Tessmer Court, John Pulice,30869 Avondale, Oakland County Commissioner Eugene Kaczmar, 31430 Meadows, Gerald Lobsinger, 29160 Tessmer Court, Shirley Friedrichs, 29024 Tessmer Court, Rose Marie Dina, 29043 Tessmer Court there being no further comments from the audience, the public hearing was closed.

Motion by Councilwoman Johnston,

WHEREAS, a Special Approvals Board application has been received from Frank Martin, Dorchen/Martin Associates, Inc., 29895 Greenfield Road, Suite 107, Southfield, Michigan 48076 representing Taco Bell, #10 Oak Hollow, Suite 130, Southfield, Michigan 48034 to use the property at 1611 East 12 Mile Road for a sit-down and drive-thru restaurant said property being zoned B-1, Local Business; and

WHEREAS, a public hearing was advertised in the Daily Tribune on March 17, 1994, and 209 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that in June of 1992, Council received a request for Special Approval to allow the construction of a new Taco Bell Restaurant on the north side of Twelve Mile Road between the Tessmer Court condominiums and the Kentucky Fried Chicken building. after hearing from the petitioners and several nearby residents during the public hearing, the Council denied the request for the reasons stated in the attached minutes. The owners made

minor changes in the site plan and re-submitted the request in February of 1993. After a public hearing, Council again denied the request as indicated in the minutes for the February 22, 1993 meeting. Taco Bell has now submitted a third request which incorporates a significantly different site plan. The extent of the changes were summarized by the petitioner. The plans call for the demolition of the existing house and shed, and construction of a 2,158 sq. ft. building which would have seating for approximately seventy (70) people. Along with their application materials, Taco Bell has submitted a chronology of their efforts to meet with and satisfy the concerns of both the City and the adjacent condominium residents. Our review of the site plan indicates that it complies with all Zoning Ordinance requirements except for the 1500 foot distance requirement between restaurants and the amount of proposed signage. These issues would require variances by the Zoning Board of Appeals. If approved by Council, the facility would replace the existing Taco Bell located 300 feet to the west.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.319(4) of the Code of Ordinances, hereby denies the request.

the times provided in this Ordinance, which funds and accounts shall be established and maintained, except as otherwise provided, so long as any of the Bonds hereby authorized remain unpaid.

(A) WATER SUPPLY AND SEWAGE DISPOSAL SYSTEM RECEIVING FUND. Upon and after the effective date of this Ordinance, the Revenues of the system shall be set aside into a separate fund designated the WATER SUPPLY AND SEWAGE DISPOSAL SYSTEM RECEIVING FUND (the "Receiving Fund"). The Revenues credited to the Receiving Fund are pledged for the purpose of the following funds and shall be transferred or debited from the Receiving Fund periodically in the manner and at the time and in the order of priority hereinafter specified.

(1) Operation and Maintenance Fund. Out of the Revenues credited to the Receiving Fund there shall be first set aside in or credited to the OPERATION AND MAINTENANCE FUND (the "Operation and Maintenance Fund"), which shall be established and maintained for such purpose, quarterly a sum sufficient to provide for the payment of the next quarter's expenses of administration and operation of the System and such current expenses for maintenance thereof as may be necessary to preserve the System in good repair and working order. Revenues in the Operation and Maintenance Fund upon the date of delivery of the 1994 Bonds shall remain in said fund.

(2) Bond and Interest Redemption Fund There is hereby established a separate fund to be designated as the BOND AND INTEREST REDEMPTION FUND (the "Redemption Fund"). There shall be deposited in or credited to the Redemption Fund the proceeds of the 1994 Bonds representing accrued interest, if any, and shall be used to pay interest on the 1994 Bonds on the first interest payment date. After the transfer required in (1) above, Revenues shall be transferred quarterly, commencing July 1, 1994, from the Receiving Fund, before any other expenditures or transfer therefrom, and deposited in the Redemption Fund for payment of principal of and interest on the 1994 Bonds and to fund a Bond Reserve Account as hereinafter provided. There shall be set aside at the time of delivery of the 1994 Bonds and quarterly thereafter to the next interest payment date an amount equal to that fraction of the amount of interest due on the next interest payment date, the numerator of which is 1 and the denominator of which is the number of full and partial months from the date of said delivery to the next interest payment date. There shall be set aside each quarter beginning on July 1, 1994, an amount not less than 1/2 of the amount of interest due on the next interest payment date on the 1994 Bonds. There shall also be set aside each quarter commencing July 1, 1994 an amount not less than 1/12 of the amount of principal due on the 1994 Bonds on the next principal payment date. Except as hereinafter provided, no further deposits shall be made into the Redemption Fund (excluding the Bond Reserve Account) once the aforesaid sums have been deposited therein. Any amount on deposit in the Redemption Fund (excluding the Bond Reserve Account) in excess of (a.) the amount needed for payment of principal of the 1994 Bonds for the then current principal payment period, plus (b.) interest on the 1994 Bonds for the then

current interest payment period, shall be used by the Issuer for redemption of the 1994 Bonds in the manner set forth in this Ordinance, or, if such use is impracticable, shall be deposited in or credited to the Receiving Fund.

If for any reason there is a failure to make such quarterly deposit in the amounts required, then the entire amount of the deficiency shall be set aside and deposited in the Redemption Fund out of the Revenues first received thereafter which are not required by this Ordinance to be deposited in the Operation and Maintenance Fund, which amount shall be in addition to the regular quarterly deposit required during such succeeding quarter or quarters.

There is hereby maintained in the redemption Fund a separate account to be designated the BOND RESERVE ACCOUNT (the "Bond Reserve Account"). There shall be deposited into the Bond Reserve Account an amount from funds on hand in the System available for such purpose to fund the Bond Reserve Account to the Bond Reserve Requirement (as hereinafter defined). Commencing July 1, 1994, there shall be withdrawn from the Receiving Fund at the beginning of each quarter and set aside in and transferred to the Bond Reserve Account, after provision has been made for the Operation and Maintenance Fund and the current requirements of the Redemption Fund, the sum required to maintain the Bond Reserve Account at the amount required by the Bond Reserve Requirement. Except, as hereinafter provided, no further deposits shall be made into the Redemption Fund for the purposes of the bond Reserve Account once the aforesaid sums have been deposited therein. The moneys in the Bond Reserve Account shall be used solely for the payment of the principal of and interest on the 1994 as to which there would otherwise be default.

The term "Bond Reserve Requirement" means the lesser of (i) ten percent (10%) of the proceeds of the 1994 Bonds or (ii) 150% of the annual debt service on the 1994 Bonds.

If at any time it shall be necessary to use moneys in the Bond Reserve Account for such payment, then the moneys so used shall be replaced from the Net revenues first received thereafter which are not required by this Ordinance to be used for operation and maintenance or for current principal and interest requirements for the 1994 Bonds.

No further payments need be made into the Redemption Fund after enough of the principal of the 1994 bonds have been retired so that the amount then held in the Redemption Fund (including the Bond Reserve Account), is equal to the entire amount of principal and interest which will be payable at the time of maturity of all the principal of the 1994 Bonds then remaining outstanding.

The moneys in the Redemption Fund and the Bond Reserve Account shall be invested in accordance with Section 13 of this Ordinance, and profit realized or income earned on such investment shall be used or transferred as provided in Section 13 of this Ordinance.

(3) Replacement Fund. Thee is hereby established and shall be maintained a separate depositary account designated Replacement Fund (the "Replacement Fund"), the money credited thereto to be used solely for the purpose of making repairs and replacements to the System. Out of the moneys of the System remaining in the Receiving Fund each quarter after provision has been made for the deposit of moneys in the Operation and Maintenance Fund and Redemption Fund (including the Bond Reserve Account, there may be deposited in the Replacement Fund such additional funds as the City Council or the City Treasurer may deem advisable. If at any time it shall be necessary to use moneys in the Replacement Fund for the purpose of which the Replacement Fund was established, the moneys so used shall be replaced from any moneys in the Receiving Fund which are not required by this Ordinance to be used for the Operation and Maintenance Fund or the Redemption Fund (including the Bond Reserve Account).

(4) Improvement Fund. Out of the remaining revenues in the Receiving Fund, after meeting the requirements of the Operation and Maintenance Fund, the Redemption Fund (including the Bond Reserve Account), or the Replacement Fund, there may be next set aside in or credited to a fund to be designated Improvement Fund (the "Improvement Fund"), such sums quarterly as the City Council or the City Treasurer may deem advisable to be used for additions, improvements, enlargements or extensions to the System, including the planning thereof.

(5) Reverse Flow of funds; Surplus Moneys. In the event the moneys in the Receiving Fund are insufficient to provide for the current requirements of the Operation and Maintenance Fund, the Redemption Fund (including the Bond Reserve Account), the Replacement Fund or the Improvement Fund, any moneys and/or securities in the funds of the System established by this Ordinance shall be transferred, first, to the Operation and Maintenance Fund, second, to the Redemption Fund, third, to the Replacement Fund, and fourth to the Improvement Fund.

All moneys remaining in the receiving fund at the end of any fiscal year after satisfying the above requirements shall be transferred to Redemption Fund and used to call bonds or portions thereof for redemption, or at the option of the Issuer, transferred to the Replacement Fund or the Improvement Fund and used for the purposes for which they were established; provided, however, that if there should be a deficit in any of the funds or accounts described in this section, on account of defaults in setting aside therein the amounts hereinbefore required, then transfers shall be made from such moneys remaining in the Receiving Fund to such funds in the priority and order named in this Section, to the extent of such deficits.

SECTION 13. INVESTMENTS. Moneys in the funds and accounts described in Section 12 of this Ordinance and moneys derived from the proceeds of sale of the 1994 Bonds may be invested by the City Council on behalf of the Issuer in the obligations and instruments permitted for investment by Section 24 of Act 94, as the same may be amended from time to time. Investment of moneys in the Redemption Fund being accumulated for payment on the next maturing principal or interest payment on the 1994 Bonds shall be limited

to obligations bearing maturity dates prior to the date of the next

maturing principal or interest payment on such bonds. Investment of moneys in the Bond Reserve Account shall be limited to U.S. government obligations bearing maturity dates or subject to redemption, at the option of the holder thereof, not later than five (5) years from the date of the investment. In the event investments are made, any securities representing the same shall be kept on deposit with the bank in which the funds and accounts established under this Ordinance are maintained. Interest income earned on investment of funds in the Receiving Fund, the Operation and Maintenance Fund, the Redemption Fund, the Bond Reserve Account, the Replacement Fund and the Improvement Fund, shall be credited to and deposited in the Receiving Fund.

SECTION 14. BOND PROCEEDS; CONSTRUCTION FUND. From the proceeds of the sale of the 1994 bonds there shall be immediately deposited in the Redemption Fund an amount equal to the accrued interest receiving on the delivery of the 1994 bonds. In addition, prior to delivery of the 1994 Bonds there shall be transferred from moneys of the City the amount required by Section 12 (A)(2) of this Ordinance to be credited to the Bond Reserve Account. WHEREAS, a Special Approvals Board application has been received from Vince Marinelli, 4924 Rochester Road, Troy, Michigan 48084 to use the property at 611 West 12 Mile Road for a restaurant with an outdoor seasonal dining area, said property being zoned B-3, General Business; and

WHEREAS, a report has been received from the Community Development Department, stating that Mr. Vince Marinelli has purchased the old Pointe Bar B-Q building on the south side of Twelve Mile Road just east of I-75, and is proposing to expand and remodel same into a Marinelli Spaghetti House restaurant. The plans call for the construction of a 586 square foot addition to the building, as well as for the construction of 711 square foot outdoor dining

owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that the owners of the Arby's Restaurant located on the north side of Twelve Mile, just east of Dequindre road, are proposing the installation of drive-thru windows on the east side of the existing building. Vehicles using the windows would enter from the westerly most drive, select their food at the menu located at the front of the building and circle around to the east side windows for payment and picking up of food. The Arby's site is 155 feet wide by 231 feet deep and is zoned B-2 Planned Business. The hours of operation for the drive-thru window portion of the business will be 9:30 a.m. to 1:00 a.m., and could vary by season. The addition of the drive-thru windows will necessitate the removal of fourteen (14) existing parking places along the east edge of the building. This in turn would require a variance of several parking places from the Zoning Board of Appeals. Please note, that if the drive-thru windows are approved by Council, the petitioner will be required to construct a new 8 foot masonry screen wall along the west side of the service drive adjacent to their building. This wall is required as a separation between the business activities and the residential uses to the west.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.322 of the Code of Ordinances, hereby denies the request because the access being a mutual driveway shared with the shopping center would allow increase traffic flow adding to the existing congested traffic conditions in the area, it is too close to the condominiums whose bedrooms overlook the restaurant and it would be a detriment to the health, safety and welfare of the citizens of the community causing environmental pollution and noise.

300. Addition to Agenda.

City Manager Austin requested that the business license application for a bakery at 31666 John R Road be added to the agenda. There being no objections, Mayor Suarez added the item to the agenda for Council's consideration.

301. Public Hearing - Special Approvals at 31313 Dequindre Road.

A public hearing was held to hear comments, if any, to permitting the use of an outdoor deck for a dining area to be constructed at 31313 Dequindre; said property is zoned B-1, General Business. John Abundis, the owner and applicant, 31313 Dequindre and Ralph Kubeck, President of Kubek's carpentry, Inc., 4510 Charing Cross Road, Bloomfield Hills, Michigan 48304 was present. There being no comments from the audience, the public hearing was closed.

Motion by Councilwoman Johnston,
Supported by Councilwoman Stema,

WHEREAS, a Special Approvals Board application has been received from John Abundis, 31313 Dequindre, Madison Heights, Michigan 48071, to use the property at 31313 Dequindre for an outdoor deck for a dining area said property being zoned B-1, General Business; and

WHEREAS, a public hearing was advertised in the Daily Tribune on August 20, 1994, and 20 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that the owners of Juan's Hacienda (west side of Dequindre north of Thirteen Mile Road) are proposing to construct a wood deck in front of their building to provide for increased seating for their business establishment. The proposed deck would be approximately 35 feet by 36 feet and contain 1,260 square feet. The deck would be surrounded by a decorative wood fence/railing which would vary in height from 3 feet to 8 feet. The petitioner's application materials indicate that the deck would have seating for 28 people, be constructed of fire retardant wood, have 2 points of exit, emergency lighting and be accessible by handicapped individuals. The hours of operation are Monday thru Thursday 11 a.m. to 11 p.m., Friday 11 a.m. to midnight, Saturday 8 p.m. to midnight and Sunday 4 p.m. to 9 p.m. There would be no more than 10 employees on the site at any one time. With the exception of the amount of available parking, the site plan is in general conformance with the Zoning Ordinance provisions. The existing 3,600 square foot building and the proposed 1,260 square foot deck will require a total of 81 parking places. However, there are only 58 legal parking places available on the site, thus resulting in a deficiency of 23 parking places. If the outdoor dining area is approved by Council, it would require a variance from the Zoning Board of Appeals. The petitioner has submitted a letter from an adjacent property owner which allows additional restaurant parking on that site. This might lead to a resolution of the parking shortage, however, it will be necessary to verify the parking spaces, and for the two owners to enter into a long term agreement which will guarantee the availability of the needed spaces.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.319 (4) of the Code of Ordinances, hereby approves the request.

Yeas: McGillivray, Mills, Pearce, Stema, Suarez, and Johnston.

Madison Heights, Michigan
September 26, 1994

322. Public Hearing - Ordinance 915 - Denied.

A public hearing was held to hear comments to the rezoning of Assessor's Plat #1 (Frank Lloyd Wright Subdivision) from R-1 Single Family Residential and N-P Natural Preservation to B-2 Planned Business. Stuart Frankel, 3221 W. Big Beaver, Troy, spoke as the developer of the project stating that major tenants want to be as close to the center of their market area as possible. There are no other sites in Madison Heights large enough to accommodate the Meijer store that is proposed. He stated the use will be compatible to the neighborhood as there is the Oakland County Wave Pool east of the site, industrial to the north of the site and high rise and office retail to the west. The development would not have a negative impact to the surrounding properties as would an industrial complex or an office complex with their high volume traffic coming to and from work. He stated that the 24 hour Meijers would be a benefit to the neighborhood as there would be personnel to control potential loitering, and would be an asset to the senior high rises by providing security. John Stephenson, Vice-President of Real Estate for Meijers stated that Meijers, as an owner/operator of the project, would meet with the senior citizens on Edward to work out any concerns. Jeff Bond, Senior Real Estate representative presented a rendering of the proposed 230,000 square foot complex which would also include a convenience store and gas station on the east side, landscaping and a traffic light to be installed along 13 Mile. The project would bring in 700-800 jobs and Meijers would work with the Police and Fire Departments on safety and educational programs as well as contributing to local hospitals and education facilities. He stated that it would be an advantage to the City to develop all 45 acres at once instead of piecemeal. The following persons spoke in favor of the rezoning:

William Deyo 31305 Tawas	Dan/Linda Bryant 675 Lloyd	Teresa Dreyer 31200 Tawas

Motion by Councilman McGillivray, supported by Councilman Pearce, to deny Ordinance 915 on first reading, due to the concerns that a Meijers store at this location would be detrimental to existing retail businesses in the area and would not be able to handle the increased traffic with the immediate residential area; and to concur with the recommendations of the Plan Commission to deny the rezoning at this location which would create hazardous and congested traffic conditions on the roadways within the immediate area, adversely impact nearby residential areas and intensity the saturation of business uses in this portion of the Community.

323. Substitute Motion.

Motion by Councilwoman Mills, supported by Councilwoman Russell, to adopt Ordinance 915 on first reading, by number and title only, as follows:

324. S.A.D. 244 - Year 8 Sidewalk Program - Resolutions 3 and 4.

A public hearing was held to hear comments, if any, to determine the necessity to acquire and construct sidewalks within the area bounded by John R Road on the East, Stephenson Highway on the west, Eleven Mile Road on the south, Gardenia on the north. Charles Willhoft, 27391 Alger stated he is the former owner but that he is responsible for the sidewalk repair consisting of three raised slabs in front of the house, which he will fix, however, he requested the City take responsibility for 5 cracked cement sidewalk slabs over the driveway which he claims were broken by City garbage vehicles who turn in his driveway. He presented pictures to the Mayor and City Council showing the trucks in his driveway. City Manager Austin directed him to Deputy City Manager Connors to look into his claim further. There being no further comments, the public hearing was closed.

the prosecuting attorney, the defendant and the defendant's attorney in each case in which the defendant is charged with a misdemeanor violation of Section 5.15(1), (3), (13) or Section 5.15f. The pre-trial conference shall be held not more than thirty-five (35) days after the person's arrest for the violation or, if an arrest warrant is issued or reissued, not more than thirty-five (35) days after the issued or reissued arrest warrant is served, whichever is later. If the court has only one (1) judge who sits in more than one (1) location in that district, the pre-trial conference shall be held not more than forty-two (42) days after the person's arrest for the violation or, if an arrest warrant is issued or reissued, not more than forty-two days after the date the issued or reissued arrest warrant is served, whichever is later. The court shall order the defendant to attend the pre-trial conference and may accept a plea by the defendant at the conclusion of the pre-trial conference. The court may adjourn the pre-trial conference upon the motion of a party for good cause shown. Not more than one (1) adjournment shall be granted to a party and the length of the adjournment shall not exceed fourteen (14) days. Except for delay attributable to the unavailability of the defendant, a witness or material evidence or due to an interlocutory appeal or exceptional circumstances, but not a delay caused by docket congestion, the court shall finally adjudicate by a plea of guilty or nolo contendere, entry of a verdict, or other final disposition, a case in which the defendant is charged with a misdemeanor violation of Section 5.15(1), (3) or (13), or Section 5.15f within seventy-seven (77) days after the person is arrested for the violation, or if an arrest warrant is issued or reissued not more than seventy-seven (77) days after the date the issued or reissued arrest warrant is served, whichever is later. The dismissal of a case for a violation of this time limit does not preclude issuing a new complaint and warrant charging the same violation.

Section 5.15b(3)

Before accepting a plea of guilty or nolo contendere under Section 5.15(1)(2), (3) or (13), the court shall advise the accused of the maximum possible term of imprisonment and the maximum possible fine that may be imposed for the violation, and shall advise the defendant that the maximum possible license sanctions that may be imposed will be based upon the Master Driving Record maintained by Secretary of State pursuant to MCL 257.204(a).

Section 5.15b(4)

Before imposing sentence, other than court ordered license sanctions, for a violation of Section 5.15(1), (3), or (13), the court shall order the person to undergo screening and assessment by a person or agency designated by the Office of Substance Abuse Services to determine whether the person is likely to benefit from rehabilitative services, including alcohol or drug education and alcohol or drug treatment programs. As part of the sentence, the court may order the person to participate in and successfully complete one (1) or more appropriate rehabilitative programs. The person shall pay for the cost of the screening, assessment and rehabilitative services.

Section 5.15b(5)

Immediately upon acceptance by the court of a plea of guilty or nolo contendere or upon entry of a verdict of guilty for violation of Section 5.15(1), (3), or (13), whether or not the person is eligible to be sentenced as a multiple offender, the court shall consider all prior convictions currently entered upon the Michigan driving record of the person, except those convictions which, upon motion of the defendant, are determined by the court to be constitutionally invalid and shall impose the following sanctions:
[Section 5.15b(5)(a) and (b) shall remained unchanged]

Section 5.15b(5)(c) For a conviction under Section 5.15(13):

(i) If the court finds that the convicted person has no prior convictions within seven (7) years for a violation of MCL 257.625(1), (3), (4), (5) or (6), former Section MCL 257.625(1) or (2), or former MCL 257.625b a local ordinance substantially corresponding to MCL 257.625(1), (3), or (6), former MCL 257.625(1) or (2), or former MCL 257.625b or a law of another state substantially corresponding to MCL 257.625(1)(3)(4), (5), or (6), former MCL 257.625(1) or (2), or former MCL 257.625b, the court shall order the Secretary of State to suspend the operator's or chauffeur's license of the person for a period of not less than ninety (90) days or more than one (1) year. The court may order the Secretary of State to issue the person a restricted license during all or any portion of the suspension period, except that a restricted license shall not be issued during the first ninety (90) days of the period of suspension.

Section 5.15b(12)

Immediately upon acceptance by the court of a plea of guilty or nolo contendere or upon entry of a verdict of guilty for a violation of Section 5.15(1), (3) or (13), the person shall surrender to the court his or her operator's or chauffeur's license or permit. The court shall immediately destroy the license or permit and forward an abstract of conviction with court ordered license sanctions to the Secretary of State. Upon receipt of, and pursuant to, the abstract of conviction with court ordered license sanctions, the Secretary of State shall suspend or revoke the person's license and, if ordered by the court and the person is otherwise eligible for a license, issue to the person a restricted license stating the limited driving privileges indicated on the abstract. If the judgment and sentence is appealed to circuit court, the court may, ex parte, order the Secretary of State to stay the suspension, revocation or restricted license issued pursuant to this Section pending the outcome of the appeal.

Section 5.15c Implied Consent

(1) A person who operates a vehicle upon a public highway or other place open to the general public or generally accessible to motor vehicles, including an area designated for the parking of vehicles, within the City, is considered to have given consent to chemical tests of his or her blood, breath or urine for the purpose of determining the amount of alcohol or presence

(3) The tests shall be administered as provided in Section 5.15a(3).

SECTION 2. All ordinances or parts of ordinances in conflict with this ordinance are repealed only to the extent necessary to give this ordinance full force and effect.

SECTION 3. Should any section, subdivision, clause, or phrase of this ordinance be declared by the courts to be invalid, the validity of the ordinance as a whole, or in part, shall not be affected other than the part invalidated.

SECTION 4. All proceedings pending and all rights and liabilities existing, acquired or incurred at the time this ordinance takes effect, are saved and may be consummated according to the law in force when they were commenced.

412. Public Hearing - Special Approvals Board.

A public hearing was held to hear comments, if any, to permitting the use of a family indoor laser recreational facility at 31401 John R Road; said property is zoned B-1, Local Business. Randy Iaboni, Real Estate Limited, 44 Charles Street, West Suite 3312, Toronto, Ontario, Canada, representing the petitioner, Luigi Pecci, Leisure Entertainment Corporation, 65 Bakersfield Street, North York, Ontario, Canada, was present and stated that this was family oriented entertainment. There will be no loitering and only customers will be allowed in the building. He also explained the object of the game is a 20 minute laser tag played by as many as 30 players. He also stated that while players are in the arena there will be another group in a briefing room while others still in the waiting room may play video games. City Manager Austin advised them that the City only permitted up to 5 video games. Ms. Pat Wilmot, a Director of one of the "Laser Quest" businesses stated that they encourage the adults to play with their children and/or offer a waiting room. There being no further comments from the audience, the public hearing was closed.

Motion by Councilwoman Mills,
Supported by Councilwoman Johnston,

WHEREAS, a Special Approvals Board application has been received from F.G. Thompson, Leisure Entertainment, Corp., 65 Bakersfield Street, North York, Ontario, Canada, to use the property at 31401 John R Road for a family indoor laser recreational facility, said property being zoned B-1, Local Business; and

WHEREAS, a public hearing was advertised in the Daily Tribune on December 14, 1994, and 21 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that the petitioner is proposing to use the vacant Brownberry building to house an indoor family recreational facility called Laser Quest. As the petitioner's letter indicates, the interior of the structure would be remodeled to create a playing arena in which groups of up to 30 people play a competitive laser tag game. People waiting to play (up to one hour) would be able to use video games which would be maintained in the building. City Code (Sec. 4-44) permits a maximum of five (5) mechanical amusement devices when incidental to the operation of the main business. The subject property is 160 feet wide by 241 feet deep and is zoned B-1 Local Business. The building contains 10,600 square feet and has parking for approximately 70 cars. The business would be open from 6:00 p.m. to 11:00 p.m. Monday-

Thursday, 4:00 p.m. to 1:00 a.m. on Friday, 10:00 a.m. to 1:00 a.m. on Saturday and 11:00 a.m. to 10:00 p.m. on Sunday. With a business such as this, the amount of available parking can be a concern. The Community Develoment Director spoke with the Laser Quest offices in Ontario regarding this issue. They indicated that they have 13 existing locations in North America, all being 8,000-10,000 square feet in size. Some of these locations are in shopping centers where there is common parking. However, Lexington, Kentucky and Richmond, Virginia are stand alone buildings which have 15 and 20 parking spaces respectively. Laser Quest also indicated the maximum number of people at our location (at one time including those playing, waiting and employees) would be 120. Considering the parking availability at the two locations mentioned above, and that

A. many of the players at this facility would be teenagers who would have to be dropped off, and

B. the typical parking requirement for places of assembly is one space for each 3 people during peak usage (120 3=40 spaces), the 70 parking spaces for the site should be adequate from actual and ordinance standpoints.

In that the proposed use is not provided for in our Zoning Ordinance, Special Approval by Council is required. Council's action should be based upon the standards contained within Section 10.805 of the Zoning Ordinance.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.319 and 10.805 of the Code of Ordinances, hereby approves the request.

Yeas: Johnston, McGillivray, Mills, and Russell.
Nays: Pearce, Stema and Suarez.

Councilman McGillivray requested that the City watch closely for loitering by young adults.

413. Public Hearing - Special Approvals Board.

A public hearing was held to hear comments, if any, to permitting the use of an indoor display of antique/classic automobiles at 31435 Stephenson Highway; said property is zoned M-1, Light Industrial. David S. Clack, 1725 East 14 Mile Road, Troy, Michigan 48083 the applicant was present and stated that this is a brokerage business and the automobiles that arrive are in the same condition that they will be displayed. He also stated he would like to be able to do minor detailing and cleaning of the cars. There being no further comments, the public hearing was closed.

Motion by Councilwoman Russell,
Supported by Councilman McGillivray,

WHEREAS, a Special Approvals Board application has been received from David S. Clack, 1725 East 14 Mile Road, Troy, Michigan 48083 to use the property at 31435 Stephenson Highway for an indoor display of antique/classic automobiles and other related items, said property being zoned M-1, Light Industrial; and

WHEREAS, a public hearing was advertised in the Daily Tribune on December 14, 1994, and 77 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that this proposal is to utilize a vacant industrial building on the west side of Stephenson Highway, between Thirteen Mile Road and Whitcomb, for the indoor display and sale of antique and classic automobiles with related items. The business is called Classic Auto Show Place. They hope to relocate their present operation from Fourteen Mile Road in Troy. Plans call for the remodeling of the building's interior to

accommodate the

display of vehicles. Work on the vehicles will be limited to minor detailing and cleaning, which will be done totally within the building. There will be no outside storage or display of vehicles. The hours of operation are Monday thru Friday 9:30 a.m. to 6:00 p.m and Saturday/Sunday 10:00 a.m. to 4:00 p.m. The parcel is adequate in size and configuration to allow compliance with City Ordinance requirements. The property is zoned M-1 Light Industrial, which allows uses of this type if approved by City Council.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.329(5) of the Code of Ordinances, hereby approves the request.

Special Meeting
Madison Heights City Council
Madison Heights, Michigan
January 9, 1995

A special meeting of the Madison Heights City Council was held on Monday, January 9, 1995, at 7:50 p.m. in the Council Chambers of the Municipal Building at 300 West Thirteen Mile Road, Madison Heights, Michigan.

Present: Mayor Suarez, Councilman McGillivray, Councilwoman Mills, Councilman Pearce, Councilwomen Russell and Stema. City Manager Austin, City Attorney L. Sherman and City Clerk Flack.

9. Cable Television Issues and Future Developments.

The following presenters, Neil J. Lehto, Special Legal Counsel, City of Madison Heights, and Joseph E. Geroux, Director of Field Services, Continental Cablevision, gave an overview of the cable television issues and future developments inasmuch as the City is negotiating a cable television franchise renewal with Continental Cablevision. The current franchise contract expires in May, 1995.

Mr. Lehto indicated that to the best of his knowledge all other franchise renewals in the State have been for 12 to 15 years. In addition he indicated that in his opinion that the City could not have the right to replace Continental Cablevision without proving a record of poor performance and unreasonable rates; and that other companies would not be interested in a Madison Heights franchise because they would not be ale to make enough money vis-a-vis competing with Continental for existing customers. He further commented that the 1984 Cable Act created an expectancy for renewal and placed a heavy burden of proof on the franchisor to deny a franchise renewal.

Councilman McGillivray stated that most of the complaints he receives are that the reception is very bad on Channel 3. Mr. Geroux stated that the future design with fiber optics will improve the reception and that this will be a part of the renewal package and will be outlined in the proposal.

Councilman Pearce inquired if cable is obligated to carry the local broadcast stations. He also stated that he favored a 5 year contract as opposed to a 15 year contract and that cable rates are not competitive. Mr. Geroux stated that the rates are Federally regulated and are fair in comparison with surrounding cable companies in other communities. He also stated that programming is based on customer demand and even though Continental must offer certain channels in compliance with the "must carry" rule, they will attempt to fulfill the needs of each customer. Mr. Geroux also stated that cable companies are involved in reinvestment of multi-million dollar plant and equipment and could not recoup monies in a short period.

City Manager Austin stated that the City will be sending out a cable TV and automation questionnaire to all residents. The City will use these surveys to receive information to be used as a basis for the cable television franchise renewal.

WHEREAS, Oakland County continues to subsidize the rest of the state while tremendous road and street needs exist within its boundaries; and

WHEREAS, the State of Michigan has historically ranked among the bottom states in per capita spending on roads; and

WHEREAS, due to Michigan's history of underfunding roads, a statewide infrastructure crisis is at hand if major steps are not taken quickly; and

WHEREAS, the situation in Oakland County is most critical due to the aging and deteriorating road and street conditions and increasing congestion in many areas; and

WHEREAS, the City of Madison Height's street fund, which represents its share of the Michigan Transportation Fund, has never been adequate to address the maintenance and street improvement needs of this City; and

WHEREAS, the County Road Association of Michigan's funding proposal represents a significant revenue increase with which to address Oakland County's donor status and road and street rehabilitation needs; and

WHEREAS, Madison Heights's share of that new revenue will go a long way to meet the street maintenance and improvement needs of the community; and

WHEREAS, the funding proposal relies predominately on revenue from the state gas tax, which is still the most equitable user fee available for road funding;

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Madison Heights hereby supports the County Road Association of Michigan's funding proposal; and

63. Public Hearing - Continental Cablevision Franchise Renewal Proposal.

A public hearing was held to hear comments, if any, on the Cable Television Franchise renewal proposal received from Continental Cablevision. The proposal has been available for public inspection in the Clerk's Office and the two libraries since mid-February. In addition, the results of the cable television survey have also been made available for review at the above locations. Robert Scheere, 1244 Fontaine stated that there should be more educational, movies, entertainment and court television. He objected to the fee for the boxes needed for pay-per-view and that Channel 3 and Channel 7 still have very bad reception. Milton Mickey, 29141 Sherry opposed the renewal because Continental failed to inform customers of upgrades, inquiring as to programming, channels or changes and requests. He stated that citizens are uninformed about the services that are available but not carried by Continental. He also suggested that Continental be given a general contract with milestone completion dates with a dollar value given to the completion dates and if Continental does not meet the dates then liquid damages be assessed in a form of a rebate to subscribers. Robert Maten, 31512 Kenwood stated that the proposal had no information on future programming until just a few days ago, listing channels available and number of subscribers of the channels and that the proposed Internet access is very expensive. He also objected to the senior rate which should be publicized and not lost if you subscribe to a premium channel. Robert Brunk, 30604 Winthrop opposed the Franchise Renewal and stated that there is poor reception on major networks and requests for specific channels are denied. He also objected that senior citizens do not receive a discount if they request the premium channels. There being no further comments, the public hearing was closed.

Mayor Suarez stated that there is no formal action required.

Councilman McGillivray stated that the reception is poor and the requests for additional channels will be addressed in the negotiations based on the City's survey results. Councilman Pearce stated, as the representative on the Senior Citizens Advisory Committee, that their biggest concern was the discount for senior citizens being lost if they subscribe to a premium channel. Councilwoman Russell thanked the citizens who responded to the survey and asked clarification as to why the City cannot receive bids from other Cable companies.

Neil Lehto, Cable Consultant, stated that in 1984 the U. S. Congress determined that Cable companies have a presumption of renewal; that the City must negotiate a renewal with the incumbent cable operator. In order to deny renewal it must be proven that the cable operator has not performed, that they have violated the Agreement, that they do not have the financial resources or legal ability to provide service. Denial of renewal is subject to appeal through the Federal Court System and that is why the City must negotiate with Continental.

Mayor Suarez also stated that the reception on Channel 3 is so bad he is unable to watch it, and there is occasional bad reception on Channel 7, which will have to be corrected. Councilwoman Stema stated that Council will consider all the concerns of the citizens in negotiations. Councilwoman Johnston thanked the citizens responding to the survey which has enlightened Council.

168. Public Hearing - Special Approval at 32811 Stephenson Hwy.

A public hearing was held to hear comments, if any, to permit the use of a McDonald's restaurant to be constructed at 32811 Stephenson Highway; said property is zoned B-3 General Business and H-R High Rise. Joseph Galvin, attorney, presented an aerial photo locating the surrounding restaurants and a rendering of the proposed restaurant layout. There will be one way traffic flow through the site with the principle access being Stephenson Highway and a secondary access from 14 Mile. The drive-thru will use a face-to-face system and not a speaker box . Mr. Galvin further stated that the restaurant would have no adverse impact on health or safety and would beneficially service the people and the businesses in the area. There being no comments from the audience, the public hearing was closed.

Motion by Councilwoman Mills,
Supported by Councilwoman Johnston,

WHEREAS, a Special Approvals Board application has been received from Joseph F. Galvin, attorney representing McDonald's Corporation, to use the property at 32811 Stephenson Highway to construct a McDonald's restaurant; said property is zoned B-3 General Business and H-R High Rise.

WHEREAS, a public hearing was advertised in the Daily Tribune on May 11, 1995 and 28 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that the McDonald's Corporation is proposing to demolish the old City National Bank building (First of America), located on the west side of Stephenson Highway just south of 14 Mile Road, and to construct a new McDonald's Restaurant. The property is 152 feet wide by 309 feet deep, with the easterly 175 feet being zoned B-3 General Business and the balance zoned H-R High Rise. It has primary access from Stephenson Highway and secondary access, by way of a 25 foot drive, to 14 Mile Road.

The proposed building will contain 2,928 square feet and have seating for 49 customers. The facility will also have drive-thru service along the south side of the building. There will be ten (10) employees in the largest working shift. Our review of the proposed site plan indicates that it has more than the required amount of parking and complies with all other Zoning Ordinance requirements except for the 1,500 foot distance requirement between restaurants and the amount of proposed signage. These issues would require variances by the Zoning Board of Appeals.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.319 (4) of the Code of Ordinances, hereby approves the request.

Yeas: McGillivray, Mills, Pearce, Russell, Suarez and Johnston.
Nays: None.

169. Public Hearing - Special Approval at 27641 John R.

A public hearing was held to hear comments, if any, to permitting the use of a restaurant at 27641 John R. There being no comments from the audience, and neither the petitioner nor a representative being present, the public hearing was closed.

Motion by Councilwoman Johnston,
Supported by Councilman Pearce,

WHEREAS, A Special Approvals Board application has been received from Robert Trubiano, 2709 Capital, Warren, MI requesting to use the property at 27641 John R as a restaurant; said property being zoned B-3 General Business, and

WHEREAS, a public hearing was advertised in the Daily Tribune on May 11, 1995, and 190 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that the petitioner is proposing to open a sit-down restaurant (Mike's Family Dining) in the Farnum Place Shopping Center located on the southwest corner of Farnum and John R. The proposed restaurant space is 40 feet wide by 60 feet deep and contains 2,400 square feet. This same space was previously occupied by Amado's Pizza and Carman's Restaurant; however, their usage was prior to Zoning Ordinance provisions which require that Council grant Special Approval for all restaurants. The proposed

restaurant would have seating for 70 people and be open from 7 a.m. to 9 p.m. seven days a week. The maximum number of employees at any one time would be 12. If approved by Council, the use would require a variance of the 1,500 foot distance requirement between restaurants from the Zoning Board of Appeals.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.326 (10) of the Code of Ordinances, hereby approves the request.

Yeas: Mills, Pearce, Russell, Suarez, Johnston and McGillivray.
Nays: None.

170. Public Hearing - Special Approval at 1515 W. 14 Mile Road.

A public hearing was held to hear comments, if any, to permitting the use of a restaurant at 1515 W. 14 Mile Road; said property being zoned B-1 Local Business. Brad Rosenberg, representative for Outback Steakhouse, was present and stated that the restaurant at this location would only be open from 4:00 p.m to 10:00 p.m. and that they are working with the shopping center owners to upgrade the image of the entire center. There being no comments from the audience, the public hearing was closed.

Motion by Councilwoman Russell,
Supported by Councilwoman Johnston,

WHEREAS, a Special Approvals Board application has been received from Mark V. Wibel of Outback Detroit Joint Venture, 4120 W. Maple, Bloomfield Hills, MI to use the property at 1515 West 14 Mile Road for an Outback Steakhouse restaurant; said property being zoned B-1, Local Business, and

WHEREAS, a public hearing was advertised in the Daily Tribune on May 11, 1995 and 15 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that this proposal is to locate an Outback Steakhouse in the northwest corner of the Campbell Corners Shopping Center property. The facility will contain 6,115 square feet and have seating for 222 people. Its hours of operation will be 4 p.m. to 10 p.m. 7 days a week, with approximately 25 employees per shift. The facility will be part of a chain of restaurants that presently has 238 locations in 33 states. Our review of the preliminary site plan indicates that the proposed restaurant (and other shopping center improvements) will comply with all Zoning Ordinance requirements such as parking, setbacks and access. As with most other restaurant locations, a variance of the 1,500 foot distance requirement will be required from the Zoning Board of Appeals. The owners of the Campbell Corners Center, have indicated that they plan to remodel the existing buildings along with the construction of the new Outback Restaurant. Planned work includes facia improvements (awnings), dumpster enclosures, parking lot alterations and resurfacing as well as new landscaping. Please note that the City has been previously advised by the Oakland County Drain Commission that the City will quite likely be assessed $25,000 for down stream improvements to the north arm of the Twelve Towns Drain. This assessment will be generated because of 5.72 acres of land on the westerly portion of the Campbell Corners site, which flows into this county drain. In that the benefit from the proposed drainage improvements accrues only to the Campbell Corners Center and the new Outback facility, Council may wish to condition their possible approval of this request upon Campbell Corners and Outback Steakhouse ownership agreeing to participate in a Special Assessment District which would cover the cost of down stream drainage improvements.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.319 (4) of the Code of Ordinances, hereby approves the request; subject to the owner and tenant agreeing to participate in the Special Assessment District.

189. Public Hearing - Special Approvals Board.

A public hearing was held to hear comments, if any, to permitting the use of drive-thru windows at the existing Arby's Restaurant at 1835 East 12 Mile Road; said property is zoned B-2, Planned Business. Shirley Fredricks, 29024 Tessmer Court stated that she was 122 feet from the restaurant and also stated that she was concerned about the upkeep of the brick wall. Mayor Suarez stated that the wall will be the responsibility of the individual owners of the property abutting the Condominium Project. Ted Williams, representing Arby's Incorporated stated that the drive-thru window proposal along with the construction of the masonry wall will meet the concerns of the condominium owners. There being no further comments from the audience, the public hearing was closed.

Motion by Councilwoman Mills,
Supported by Councilman McGillivray,

WHEREAS, a Special Approvals Board application has been received from Ted Williams representing Arby's Incorporated, 263 Flirtation Walk, Louisville, Kentucky 40219, to permit the use the property at 1835 East 12 Mile Road for drive-thru windows at the existing Arby's Restaurant, said property being zoned B-2, Planned Business; and

WHEREAS, a public hearing was advertised in the Daily Tribune on June 1, 1995, and 223 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that the owners of the Arby's Restaurant, located on the north side of Twelve Mile, just east of Dequindre Road, are proposing the installation of drive-thru windows on the east side of the existing building. Vehicles using the windows would enter from the westerly most drive, select their food at the menu located at the front of the building and circle around to the east side windows for payment and picking up of food. The Arby's site is 155 feet wide by 231 feet deep and is zoned B-2 Planned Business. The hours of operation for the drive-thru window portion of the business will be 9:30 a.m. to 1:00 a.m., and could vary by season. The petitioners are aware of the City's new ordinance which limits the hours of outdoor speaker operation (7 a.m. to 12 a.m.) and have indicated that they will comply with the ordinance. This same request was heard and denied by Council in July of 1994. However, the circumstances surrounding the request are now somewhat different. The residents of the Madison Manor Condominiums (in 1994) were opposed to the construction of the drive-thru windows. But the current proposal by Arby's, which includes the construction of an 8 foot high masonry wall along the entire shopping center west property line, has caused them to change their position in this regard. Arby's is agreeing to construct the masonry wall if Special Approval is granted, and the Condominium Association is requesting that Council grant Special Approval subject to the construction of the 8 foot masonry screen wall per letters submitted with the application. The addition of the drive-thru windows will necessitate the removal of fourteen (14) existing parking places along the east edge of the building. This in turn would require a variance of several parking places from the Zoning Board of Appeals. Please note, that if the drive-thru windows are approved by Council, such action should be conditioned upon the construction of the above described masonry screen wall along the entire property line separating the shopping center and the condominiums.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.322 of the Code of Ordinances, hereby approves the request subject to the construction of the 8 foot high masonry wall along the entire shopping center's west property line and to conform to the ordinance which limits the hours of the outdoor speaker operation.

230. Special Approval Public Hearing - 30557 John R.

A public hearing was held to hear comments, if any, to permitting the use of a dermagraphic arts and permanent cosmetics (tattooing) business at 30557 John R Road; said property is zoned Local Business. Laurie Orlando, attorney representing Bonnie McSweeney, the applicant, stated that this is a personal services business similar to beauty shops, dentists and doctors which has the majority of business done by appointments with a small percentage as walk-in customers. She presented pictures of the establishment, a book with samples of the type of work done, references from doctors for the reconstructive tattooing. Ms. McSweeney stated that the hours of operation are until 10:00 p.m. to accommodate customers who work and because some procedures can require 3-4 hours to complete. Further, customers under the age of 16 will be required to be accompanied by a parent. There being no further comments, the public hearing was closed.

Motion by Councilwoman Russell,
Supported by Councilwoman Mills,

WHEREAS, A Special Approvals Board application has been received

from Bonnie McSweeney, 1301 N. Selfridge Blvd, Clawson, MI 48017, requesting to use the property at 30557 John R for a dermagraphic arts and permanent cosmetics (tattooing) store at 30557 John R; and

WHEREAS, a public hearing was advertised in the Daily Tribune on June 30, 1995, and 140 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that this request is to locate a dermagraphic arts and permanent cosmetics (tattooing) store in the strip center located on the west side of John R immediately south of LaSalle. The store would contain 1000 square feet and be staffed by two (2) employees, one (1) full time and one (1) part-time. The hours of operation would be noon thru 10 p.m., five (5) to seven (7) days per week. The property is zoned B-1 Local Business. When this applicant originally approached the Community Development Department, the City was advised that their tattooing work would only be done for cosmetic/medical purposes and that all customers would be referred by doctors. The applicant has now changed her mind and is requesting that she also be permitted to do decorative tattooing for walk-in customers. In that there is no specific reference to this type of use in the Zoning Ordinance, the matter should be reviewed by Council under the Special Approval process.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.319 of the Code of Ordinances, hereby approves the request.

231. Special Approval Public Hearing - 25616/36 John R.- DENIED.

A public hearing was held to hear comments, if any, to permitting the use of an automobile rental and sales business at 25616 John R; said property is zoned Light Industrial. Jerome Miller, the petitioner, was present and stated that the business has been improved and expanded and they want to increase the rental portion of the business. Troy Engle, 70 East Hudson, stated he was concerned about increased traffic. Pete and Hilly Essenmacker stated they were concerned with tow trucks and customers parking in front of their house. Mr. Miller stated that there is no driveway onto Hudson and traffic will be coming in from John R, and he installed extra parking so that customers will not need to park on the street. There being no further comments, the public hearing was closed.

Motion by Councilman McGillivray,
Supported by Councilwoman Johnston,

WHEREAS, a Special Approvals Board application has been received from Jerome I. Miller and Sheldon D. Wechsler, 25713 John R, Madison Heights, MI, requesting to use the property at 25713 John R for a automobile rental/sales business, and

WHEREAS, a public hearing was advertised in the Daily Tribune on

June 30, 1995 and 236 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that the petitioners are proposing the placement of a car rental and used car sales lot on the southeast corner of Hudson and John R. This is the site of the old National Motors used car lot that has been vacant for many years. The subject property is zoned M-1 Light Industrial, which permits used car sales after Special Approval by Council. The parcel is 148 feet wide by 100 feet deep and contains two (2) small structures. The larger structure is a 30 foot by 30 foot garage located in the northeast corner of the site, while the other is a 20 foot by 20 foot office in the southwest corner of the site, which was previously used as a beauty shop. In evaluating this request, Council should consider the standards contained in Section 10.805 of the Zoning Ordinance, and determine whether or not the proposal will be detrimental to surrounding land uses. Used car sales can adversely impact traffic flow within the immediate area and surrounding residential uses. This Department has received complaints in the past regarding individuals in car sales lots working on vehicles out-of-doors and test driving of vehicles on residential streets.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, Acting as a Special Approvals Board in accordance with Section 10.329 (5) and to concur with the standards set out in Section 10.805 of the Code of Ordinances, hereby approves the request.

Yeas: Russell, Johnston and McGillivray.
Nays: Stema, Suarez and Mills.

MOTION FAILS DUE TO TIE VOTE - REQUEST DENIED.

232. Special Approval Public Hearing - 28152 John R.

A public hearing was held to hear comments, if any, to permitting the use of an automobile towing and servicing business at 28152 John R; said property is zoned General Business. City Manager Austin read the names on communications received in opposition to the request, as follows: James Detrick, 215 Hecht; Fabian Thomas, 223 Hecht; Judith Russo, 231 Hecht; Antoni Lapinski, 28216 Edward. The petitioner, Glenn Neuner, 8281 10 Mile Road, Centerline, MI, stated that this location, in conjunction with his Centerline store, will be the largest AAA Auto Service in the State, however, they will only be running their 24 hour service out of Centerline, not Madison Heights, which will only operate during the day. Further, he stated that this location and the fleet of six tow trucks will be kept in good repair. Fabian Thomas, 223 Hecht spoke in opposition due to the poor conditions and fumes from the previous owners, Mundy Towing. Valarie Thompson, 28226 Groveland and Thomas Burry, 28249 Groveland expressed concerns that tow trucks using the street as a by-pass to avoid John R traffic would create a safety problem for children and destroy the paving of the street. Mr. Neuner assured them that it is his company policy that the trucks only use the side streets where they have calls. There being no further comments, the public hearing was closed.

Supported by Councilman McGillivray,

In addition to the above short term improvements, the applicant is proposing a two (2) or four (4) bay addition which would be constructed in approximately three (3) years. 241. Ordinance 915 - Final Reading.

Motion by Councilwoman Stema, supported by Councilwoman Russell, to adopt Ordinance 915 on second and final reading, as follows:

ORDINANCE NO. 915

AN ORDINANCE TO AMEND ORDINANCE 571, BEING AN ORDINANCE CODIFYING AND ADOPTING A NEW CODE OF ORDINANCES FOR THE CITY OF MADISON HEIGHTS BY AMENDING IN PART CHAPTER 29 TO PROVIDE FOR A NEW SECTION 29-18 WHICH RESTRICTS THE USE OF WATER UNDER EMERGENCY CIRCUMSTANCES, TO PROVIDE FOR WATER SHUT-OFF FOR INDIVIDUALS OR CORPORATIONS IN VIOLATION OF SAID ORDINANCE AND TO PROVIDE A PENALTY FOR THE VIOLATION THEREOF.

THE CITY OF MADISON HEIGHTS ORDAINS:

Section 1. That Chapter 29, Article II of the Code of Ordinances of the City of Madison Heights, Michigan is hereby amended in part to add a new Section to read as follows:

Section 29-18 Restriction of Water Use in Water Emergencies; Penalties.

(1) Purpose and Intent.

It is hereby determined that due to prolonged droughts or other system-wide heavy demand periods, supply facilities, including system pump stations and reservoirs, experience operation at their maximum capacity. When such situations occur, there is no apparent means immediately available to adequately maintain flow and residual pressure throughout the water system.

Further, emergency conditions sometimes arise which will negatively affect operating flows and residual pressures in any substantial portion of the water system for an appreciable length of time.

When the above conditions exist, it is necessary to require residents within the City of Madison Heights to prohibit or restrict their water use for a limited period of time. Although the City of Detroit Water and Sewerage Department oversees the distribution of water to local communities, the City of Madison Heights has the ultimate responsibility to initiate whatever measures are needed locally in water emergency situations. This Section provides for minimum restrictions necessary to achieve the purpose and intent of this Section.

(2) Declaration of Water Emergency; Restriction requirements.

A. Every person, firm or corporation whose premises are supplied with water by the City of Madison Heights shall be subject to the provisions of this Ordinance and to all rules and regulations of the City Manager pertaining to the use of City water.

B. Upon declaration of a water use reduction emergency by the City Manager or his designee, the City of Madison Heights will implement whatever prohibitions or restrictions are necessary to meet the water reduction requirements. The City of Madison Heights will notify the public of the water emergency and mandatory restrictions pertaining to water use by cable television, local newspapers or any other means available for notification to the public.

C. If, in fact, the City Manager or his designee implements a prohibition or restriction of water use, that prohibition or restriction shall remain in effect twenty four (24) hours per day seven (7) days per week until the City of Madison Heights has declared an end to the water use reduction emergency or the City Manager or his designee determines that a limited prohibition or restriction will be sufficient to protect the health, safety and general welfare of the community.

D. It shall be lawful for the City Manager or his designee to enter upon the premises of any person using City water to install meters for measuring water use and to inspect the meters and other fixtures and appurtenances pertaining to the water works system. The City Manager or his designee may order the Department of Public Services to shut off water to any premises in violation of this Ordinance. Once shut off,

a reconnect fee set by Resolution of Council shall be paid prior to the restoration of water services.

(3) Enforcement.

Police Officers and/or Code Enforcement Officers of the City of Madison Heights are hereby authorized to issue Ordinance Violation Notices to any person violating any provision of this Ordinance or any rule or regulation duly adopted in pursuance of this Ordinance.

Section 2. All ordinances or parts of ordinances in conflict with this ordinance are repealed only to the extent necessary to give this ordinance full force and effect.

Section 3. Should any section, subdivision, clause, or phrase of this ordinance be declared by the courts to be invalid, the validity of the ordinance as a whole, or in part, shall not be affected other than the part invalidated.

Special Meeting
Madison Heights City Council
Madison Heights, Michigan
July 31, 1995

A special meeting of the Madison Heights City Council was held on Monday, July 31, 1995, at 7:30 p.m. in the Municipal Building at 300 West Thirteen Mile Road, Madison Heights, Michigan.

Present: Mayor Suarez, Councilwoman Johnston, Councilwoman Russell and Councilwoman Stema. City Manager Austin, City Attorney L. Sherman, and City Clerk Flack.

Councilman McGillivray arrived at 7:34 p.m.

266. SOCRRA Member Agreement/Consent Judgment.

City Manager Austin stated that the current agreement between the Southeastern Oakland County Resource Recovery Authority (SOCRRA) and the City is scheduled to expire on July 1, 1997. Because of litigation between SOCRRA and City Management Corporation, who provides hauling of yard waste and municipal solid waste and disposal of the latter, a Consent Judgment has been entered into which has resulted in City Management offering a substantial reduction in the contracted price for the transportation and disposal of solid waste through 2002 (with a provision for an addition five years). City Management has requested that SOCRRA revise and extend its current agreement with its member communities through the year 2007. Accordingly SOCRRA has requested that the 14 member communities adopt a resolution authorizing a contract revision and extension between the communities and SOCRRA which would extend the current contract expiration from July 1, 1997 to July 1, 2007.

Although staff has major concerns with operation of the Transfer Station within Madison Heights we do feel that membership in SOCRRA does provide the City with a number of positive benefits. The SOCRRA recycling, composting and education programs have become very successful and other communities across the state and country are now attempting to emulate these programs. In addition, by the City of Madison Heights agreeing to the revised and extended contract, the City would be realizing a savings in the first four years (FY 1995-96 to FY 1998-99) in excess of $1.1 million. Staff recommends that the City Council approve the resolution authorizing the Mayor and City Clerk to enter into the

new agreement with SOCRRA. The Council also may make other motions/resolutions for the SOCCRA Board's consideration.

Tom Waffen, SOCRRA General Manager made a presentation on the operations of the Authority.

Pamela Ortner-Mukovitz, 28752 Tawas Court stated that the reason for the Consent Judgment was the SOCRRA contract negotiated with City Management was considerably higher than other competitors from the surrounding communities. She also stated that SOCRRA should not consider incineration at the site of the Madison Heights transfer station. The incinerator stacks must be taken down by

SOCRRA and Silver Leaf Park must be cleaned up by SOCRRA to make it safe for school children. Ray Yomber, 30059 Avondale, also reiterated that the stacks should come down. Rita Marston, 705 East Gardenia, stated that incineration is not a viable option in such a heavy populated area. She also proposed that SOCRRA hold seminars to educate SOCRRA's staff on environmental issues, risk assessment and multi-risk assessment and the effects on children and adults and take a pro-active stance in supporting the City of Madison Heights. She stated that the City has been the host City for over 30 years and that the other cities have been using our roads and contaminating the air. SOCRRA should consider offering college scholarships to our two high schools in environmental science; building a new wing in the Library dedicated to environmental science, pollution, etc; and supporting a grant to the high schools for instruction on clean air, soil and environmental problems.

John Pulice, 30869 Avondale, agreed that the stacks should come down. Eugene Kaczmar, County Commissioner, 31430 Meadows, stated that the stacks should come down if incineration is not a viable option at that site. He also stated that he will be contacting the State Legislators to investigate state support of host city fees.

Councilwoman Russell stated her concerns that the contract did not go out for bid; the stacks should come down, and an agreement should be in place which includes host community fees and policy changes by the SOCRRA Board. She also would like to see continuing negotiations with SOCRRA and the owners of the property near the Troy materials recovery facility.

City Attorney Larry Sherman asked Mr. Waffen if SOCRRA would negotiate with the City, in good faith, concerning a host community fee in excess of the $10,000 per year that is currently received, in order to partially compensate the City for additional costs which the City incurred for road damage and increased municipal services. Mr. Waffen stated that SOCRRA Board intends to negotiate in good faith with the City in hope of reaching an amicable solution to this issue. City Attorney Sherman also asked if the Board intends to negotiate with City Management in the year 2002 for City Management's one five year option period rather than go out for competitive bids. Mr. Waffen stated the Authority will go out for bids in the year 2002.

Councilwoman Stema stated that SOCRRA's recycling program was

motivated by this Community. She also asked Mr. Waffen for a commitment to dates for the clean up of the 307 site and the removal of the stacks and that there would be no incineration at the site before she would consider any business with SOCRRA. Mr. Waffen stated that the proposed contract precludes any incineration through the year 2007 and that it would be incumbent on the property owners of the 307 site and the affected parties to reach a solution to reduce the risk but he could not give a date until he receives additional information from SOCCRA's consultant.

Mayor Suarez stated that the City has concerns with:

1. Road repairs; which the City pays for
2. The storage by City Management of dumpsters which does not benefit anyone but City Management
3. A reasonable host community fee;
4. That the clean up of the 307 site by adding one and a half feet of clay on the ballfields is also totally unacceptable.

Councilman McGillivray stated that SOCRRA does not want to test anything even though the Department of Natural Resources, the residents and the City stated that more tests were needed. He also stated that the contract will save the City $1.1 million by 1999 but he is unhappy the way it was negotiated and SOCRRA's handling of the waste management operations. He also reiterated that the solution to adding eighteen inches of topsoil to the ballfields would add to drainage problems for the neighborhood, the schools and the Little Baseball League. Mr. Waffen also agreed that adding eighteen inches would not be the solution. Councilman McGillivray stated that the removal of the stacks would only increase in cost over the years. Mr. Waffen stated that another estimate is forthcoming and then it will be the Board's decision to authorize expenditures to remove the stacks.

Councilwoman Johnston stated that the incinerator and the stacks have been a detriment to the community and SOCCRA has not been responsive to the City's concerns.

Motion by Councilwoman Russell, supported by Councilwoman Johnston, that the City request that SOCRRA Board authorize the following:

1. That remediation of the entire Act 307 site be completed on or before June 30, 1997 in a manner which is acceptable to the City of Madison Heights and all other affected parties.

2. That consistent with the Act 641 Plan Update and the new Agreement with City Management that the SOCRRA Board not consider incineration at the Madison Heights Transfer Station site during the term of the contract extension between SOCRRA and its constituent municipalities.

3. That both stacks shall be removed on or before June 30, 1997.

4. That any expansion, enlargement, extension, construction, reconstruction, alteration and/or

modification of SOCRRA's present use of the Madison Heights site as a transfer station shall require Special Land Use Approval from the Madison Heights City Council and also require the issuance of any and all necessary permits required from the appropriate City of Madison Heights Department/Board (s).

5. That in accordance with the letter of SOCRRA Chairman Joseph Merucci dated July 27, 1995 that a meeting of the Advisory Committee and/or the full Board of Trustees of SOCRRA be scheduled in order to engage in good faith negotiations concerning a mutually acceptable Host Community Fee in excess of the $10,000 per year currently received by the City of Madison Heights in order to partially compensate the City for additional costs incurred for damage to roads and increased municipal services.

Yeas: McGillivray, Russell, Stema, Suarez and Johnston.
Nays: None.

Motion by Councilman McGillivray,
Supported by Councilwoman Russell,

(1) A franchisee shall not permit the transmissions of any signal, aural, visual or digital, including "polling" the channel selection, from any subscriber's premises without first obtaining written permission of the subscriber. This provision is not intended to prohibit the use of a transmission of signals useful for the control of measurement of system performance.

(2) A franchisee shall not permit the installation of any specific terminal equipment in any subscriber's premises that will permit transmission from subscriber's premises of two-way services utilizing aural, visual or digital signals without first obtaining written permission of the subscriber. This section is not intended to prohibit impulse pay-per-view or other interactive services.

(3) It shall be unlawful for any person to attach or affix or to cause to be attached or affixed any equipment or device which allows access or use of the cable television service without payment to the franchisee for same.

Sec. 7½-55. Location of cables.

In areas where telephone or electric utility facilities are aboveground at the time of installation, the franchisee shall install its cable aboveground. In those areas of the municipality where both public utility facilities are underground at the time of installation, the franchisee shall install its cable underground.

Sec. 7½-56. Most favored nations.

(1) Me Too Clause. If at any time, Grantee, its successors or assigns, is granted and/or operates a comparable franchise in another municipality in the State which contains substantial and material terms and conditions for the provision of service, technology and/or franchise fees which are substantially better terms and conditions for the franchisor then Grantor shall first advise Grantee of such fact in writing and provide a copy of such ordinance or agreement to Grantee. Upon Grantee's receipt of such notice, together with a written request that Grantee provide such more favorable terms, conditions or benefits, Grantee shall negotiate in good faith to determine whether or not to amend the Franchise to provide those same benefits to the City or to Subscribers, as the case may be. In determining whether another municipality has, in fact, received substantially better material terms or conditions, the City and Grantee shall not compare singular terms of the franchise agreements but rather shall consider the relevant documents, benefits and obligations as a whole, together with other considerations including, without limitation, the expiration dates of the franchise agreements and length of the remaining term, the relative size of the communities and their subscriber bases, the natural evolution of technology at the time of any other grants, the relative costs of operating the Franchises under consideration, whether or not providing the same benefits without corresponding reduction of other Grantee obligations will adversely affect Grantee or its profitability, the rates charged for Cable Services and the relative penetration levels in the comparison Franchise areas, the potential additional capital, operating expenditure labor and/or materials necessary to provide such terms, and any other appropriate factors.

(2) Level playing field.

(a) To the extent allowed by law, city shall require any and all providers of Cable Television Service or other telecommunications services to procure a municipal franchisee.

(b) In the event that such other provider of Cable

Television Services or other telecommunications services or both:

i. obtains a municipal franchise; or

ii. is required by law to obtain a municipal franchise, but does not;

and is not subject to the same level of burdens, including, but not limited to, the payment of franchisee fees imposed upon franchisee pursuant to this franchise or the Ordinance, the city shall not enforce the more burdensome provisions including the payment of franchise fees contained in this franchise or Ordinance.

Sec. 7½-57. Arbitration.

(a) Any arbitration held pursuant to this Ordinance and/or a Franchise shall be conducted in accordance with the Michigan Arbitration Act, MCL §600.5001, and shall be conducted by, and in accordance with the Commercial Arbitration Rules of the American Arbitration Association, subject, however, to the following procedures, conditions and requirements:

(1) Franchisee and the City (or such substitute party to the arbitration) each shall, within fifteen (15) days of the decision to proceed to arbitration, appoint one (1) arbitrator experienced and knowledgeable in the cable television business, generally, which arbitrators shall both select a third arbitrator to serve as the chairman and neutral member of the arbitration panel. Such jointly selected third neutral arbitrator shall be a duly licensed attorney at law with knowledge and experience involving matters of cable television law and the cable industry, but shall not be a person which, at the time of the appointment, represents either municipalities, franchising authorities, or cable operators within the State of Michigan.

(2) Within thirty (30) days after appointment of all arbitrators and upon fifteen (15) days advance written notice to the parties to the arbitration, the arbitrators shall commence an arbitration proceeding relative to the dispute.

(3) The proceeding may be recorded and/or transcribed at the request of either the City or the Franchisee.

(4) At the close of the arbitration proceeding and within thirty (30) days after the date the arbitration proceedings are closed, the arbitrators shall prepare a written arbitration award with detailed specific findings of fact and conclusions of law and shall serve such written award upon City and Franchisee.

(5) The decision of a majority of the arbitrators shall be binding upon the parties to the arbitration.

(6) Either party may seek judicial relief relative to the arbitrators' award and/or with respect to the underlying claims or disputes, only under the following circumstances:

a. Either party fails to select an arbitrator;

b. The arbitrators fail to mutually agree upon the appointment of the third neutral arbitrator;

c. After selection of the third neutral arbitrator it is determined that such neutral arbitrator is biased for or against either the City or a Franchisee and/or that such third neutral arbitrator is not qualified;

d. Designated time limits have been exceeded without the consent of both the City and a Franchisee;

e. The arbitrators have not proceeded expeditiously; or

f. Based upon the record or the arbitration award, the arbitrator's award is either arbitrary, capricious, unsupported by substantial evidence, the result of an abuse of discretion, or based upon a mistake of fact and/or law.

(7) All costs of arbitration shall be borne equally by the parties to the arbitration unless otherwise ordered by the arbitrators.

(b) Nothing herein shall apply to disputes involving the cancellation of the Franchise, term of the Franchise, or renewal or extension thereof, or disputes involving changes in rates or disputes involving more than Fifty Thousand ($50,000.00) Dollars.

Sec. 7½-58. Program content restrictions.

In addition to providing basic cable television service consisting of broadcast, locally originated, access, and automated signals, the franchisee may offer subscribers optional services on a per-program or per-channel basis (pay cable). The franchisee may not, however, program or in any way display material not protected by the U.S. Constitution such as obscene X-rated motion pictures whether as part of its basic cable or pay cable services.

Sec. 7½-59. Employment requirement.

A franchisee shall not refuse to hire, nor discharge from employment, nor discriminate against any person regarding compensation, terms, conditions or privileges of employment because of sex, race, color, creed or national origin. The franchisee shall take affirmative action to ensure that employees are treated, during employment without regard to their sex, race, color, creed, or national origin.

Sec. 7½-60. Force Majeure; Grantee's Inability to Perform

In the event Grantee's performance of any of the terms, provisions, conditions or obligations required by this Chapter or a Franchise granted hereunder is prevented by a cause, circumstance or event not within Franchisee's control, such inability to perform shall be deemed excused and no penalties or sanctions shall be imposed as a result. For the purpose of this Section, causes or events not within the control of Grantee shall include without limitation acts of God, strikes, sabotage, riots or civil disturbances, restraints imposed by order of a governmental agency or court, inclement weather, explosions, acts of public enemies, and natural disasters such as floods, earthquakes, landslides, and fires.

SECTION 2.All ordinances or parts of ordinances in conflict herewith are hereby repealed only to the extent necessary to give this Ordinance full force and effect.

SECTION 3.This Ordinance shall take effect ten (10) days after its adoption and upon publication as provided for by the Charter of the City of Madison Heights.

A public hearing was held to hear comments, if any, to permitting the use of an expansion to the existing sit down restaurant at 26085 John R Road; said property is zoned B-3, General Business. Howard Erlich, 26116 Brush stated that his home is directly adjacent to the shopping center and his concerns were the trucks/vendors getting back behind the building in such a narrow alley, there are persons loitering behind the buildings, the parking is inadequate and will have further problems with an expansion and debris such as bread and food wrappers are being thrown in his yard. Joe Ato, Property Manager of Mulberry Plaza stated that the restaurant has been in business for 10 years and the expansion is necessary to continue business. He also addressed the concerns of Mr. Erlich: that the configuration of the truck delivery was designed for one truck only delivery; the plaza has had graffiti on its walls and garbage dumped by the loiters who congregate after hours. They installed 24 hour lights in the rear of the building not to interfere with the neighbors but to help discourage loitering in the rear of the building. He also stated that the debris is not from the plaza but believes its from the loiters as well and that Code Enforcement does go out on a regularly basis and they will see that the problem is taken care of. There being no further comments from the audience, the public hearing was closed.

Motion by Councilman McGillivray,
Supported by Councilwoman Russell,

WHEREAS, a Special Approvals Board application has been received from Johnny John D/B/A Mr. Coney Restaurant, 26085 John R Road, Madison Heights, to use the property at 26085 John R Road for an

addition to the sit down restaurant, said property being zoned B-3, General Business; and

WHEREAS, a public hearing was advertised in the Daily Tribune on October 19, 1995, and 195 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that the owners of the Mr. Coney Restaurant are proposing to expand their business within the strip center located on the west side of John R Road just north of Lincoln. The restaurant currently has 1,476 sq.ft. and is 41 feet wide. They are planning to expand 22 feet immediately north, which will provide an additional 858 sq.ft. and seating for 60 people. The hours of operation are 7 a.m. to 8 p.m. 7 days a week, with 8 employees per shift. Special Approval was originally granted to this restaurant on July 20, 1986. However, because of the proposed expansion, it is necessary for Council to again consider this matter. Please note, that if Council should approve the request for restaurant expansion, a parking variance must be approved by the Zoning Board of Appeals.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.326 (10) of the Code of Ordinances, hereby approves the request, subject to a parking variance approval by the Zoning Board of Appeals.

387. Public Hearing - Special Approvals Board.

A public hearing was held to hear comments, if any, to permitting the use of a 75 foot cellular antenna monopole and adjacent equipment enclosure at 31700 Stephenson Highway; said property is zoned M-2, Heavy Industrial. Doug Weber, Attorney with Jonathan R. Crane, PC, 1126 North Main, Rochester, Michigan 8307 representing Detroit Cellular Telephone Company and/or CellularOne stated that they have made application to the Zoning Board of Appeals to obtain the various variances that will be required for the monopole and are amendable to the City for placement of a city antenna. There being no further comments from the audience, the public hearing was closed.

Motion by Councilwoman Stema,
Supported by Councilman Pearce,

WHEREAS, a Special Approvals Board application has been received from Matthew Gibb for Detroit Cellular Telephone Company, 1126 North Main, Rochester, Michigan, 48307, to use the property at 31700 Stephenson Highway for a 75 foot monopole cellular antenna and adjacent equipment enclosure, said property being zoned M-2, Heavy Industrial; and

WHEREAS, a public hearing was advertised in the Daily Tribune on November 1, 1995 and 24 postcard notices were mailed to property

owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that this proposal is to erect a monopole cellular antenna, and adjacent equipment enclosure, on the east side of Stephenson Highway immediately north of the Scott Machine Products building. The tower will be operated by Detroit Cellular Telephone Company for CellularOne. The structure will be 75 feet high and be located in conjunction with a 12 foot by 26 foot equipment building. The subject property is zoned M-2 Heavy Industrial. Section 10.508 (2) of the Zoning Ordinance permits uses of this type within the industrial district after approval from City Council. Considering the nature of the surrounding industrial uses, the proposed tower should not adversely effect the area. If the use is approved by Council, such action should be conditioned on the following:

1. The City and the petitioner entering into an acceptable agreement relative to matters of mutual interest such as, but not limited to, the potential use of the tower for placement of a City antenna. A similar agreement was entered into with Detroit Cellular Telephone Company relative to the existing monopole and antenna located at 29600 Stephenson Highway, approximately one mile south of the subject location.

2. The petitioner seeking and receiving variances of the maximum height and central location requirements of the Zoning Ordinance, from the Zoning Board of Appeals.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.322(A) of the Code of Ordinances, hereby approves the request subject to the conditions as outlined above in the report from the Community Development Director.

WHEREAS, in the performance of their official governmental functions the City of Madison Heights Mayor and Council, City Manager, Department Heads, employees, boards and commissions and agencies compile vast amounts of information; and

WHEREAS, utilizing computer technology, governmental information has the potential to be formatted into summaries , reports and compilations not ordinarily utilized by the City, but which have great economic value to non-city public and private interests; and

WHEREAS, the FOIA specifically provides that the Act does not require a public body to make a compilation, summary or report of information not required for the performance of an official function, thereby eliminating any mandate to enhance access to governmental information systems; and

WHEREAS, utilizing computers and modern technology, access to governmental information by the public, business, academics and journalists can be enhanced in a cost effective manner; and

WHEREAS, Enhanced Access to Governmental Information, defined as providing an improved service to the public, off city premises, through increased access to government information utilizing an electronic format, for a reasonable fee, has the potential to generate new revenues without increasing the tax burden on county residents; and

WHEREAS, as demonstrated in successful projects in British Columbia, Canada, Los Angeles County, California and Indianapolis, Indiana, businesses and residents have both the desire and willingness to pay, on a fee-for-use basis, for enhanced access to government information; and

Whereas, the provision of Enhanced Access represents a significant technological advancement requiring substantial capital and operating investment, directly competing for limited government resources with mandated functions; and

WHEREAS, as a non-mandated function, a prerequisite to the development of a successful Enhanced Access Project is the creation of a non-tax (property, sales or income) based revenue stream producing a return sufficient to defray the multi-million dollar capital and operating expenses associated with implementation and maintenance of an Enhanced Access System; and

WHEREAS, legislation revising the FOIA expressly permitting public bodies to develop enhanced access information services, providing for the establishment of a structure of "reasonable fees" to sustain such enhanced access services and preserving existing FOIA rights for the public so that they may fully participate in the democratic process, has been submitted to the legislature.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council supports the concept of enhanced access as defined in this resolution and recommends that the necessary revisions to the Freedom on Information Act be adopted to allow enhanced access to public records, benefitting the business community and private residents, alike.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to State Senator Bouchard, State Representative Freeman, to all other State Legislators from Oakland County, to the Michigan Municipal League, and to the Oakland County Department of Management and Budget.

5.15a(3) A peace officer shall use the results of a preliminary chemical breath analysis conducted pursuant to this section to determine whether to order a person out-of-service under MCL 257.319d. A peace officer shall order out-of-service as required under MCL 257.319d a person who was operating a commercial motor vehicle and who refuses to submit to a preliminary chemical breath analysis as provided in this section. This section does not limit use of other competent evidence by the peace officer to determine whether to order a person out-of-service under MCL 257.319d.

* * *

5.15a(6)(b) A person arrested for a crime described in section 5.15c(1) shall be advised of all of the following:

i) If he or she takes a chemical test of his or her blood, urine or breath administered at the request of a peace officer, he or she has the right to demand that a person of his or her own choosing administer 1 of the chemical tests.

ii) The results of the test are admissible in a judicial proceeding as provided in this ordinance and will be considered with other competent evidence in determining the defendant's innocence or guilt.

iii) He or she is responsible for obtaining a chemical analysis of a test sample obtained pursuant to his or her own request.

iv) If he or she refuses the request of a peace officer to take a test described in subparagraph (i) a test shall not be given without a court order, but the peace officer may seek to obtain such a court order.

v) Refusing a peace officer's request to take a test described in subparagraph (i) will result in the suspension of his or her operator's or chauffeur's license and vehicle group designation or operating privilege, and in the addition of 6 points to his or her driver record.

5.15a(6)(c) A sample or specimen of urine or breath shall be taken and collected in a reasonable manner. Liability for a crime or civil damages predicated on the act of withdrawing or analyzing blood and related procedures does not attach to a licensed physician or individual operating under the delegation of a licensed physician who withdraws or analyzes blood or assists in the withdrawal or analysis in accordance with this ordinance unless the withdrawal or analysis is performed in a negligent manner.

5.15a(6)(g) The department of state police shall promulgate uniform rules under the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, being Section 24.201 to 24.328 of the Michigan Compiled Laws, for the administration of chemical tests for the purposes of this section. An instrument used for a preliminary chemical breath analysis may be used for a chemical test described in this subsection if approved pursuant to rule promulgated by the department

of state police.

5.15a(7) The provisions of subsection (6) relating to chemical testing do not limit the introduction of any other competent evidence bearing upon the question of whether a person was impaired by, or under the influence of, intoxicating liquor or a controlled substance, or a combination of intoxicating liquor and a controlled substance, or whether the person had a blood alcohol content of 0.10 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, or if the person is less than 21 years of age, whether the person had any bodily alcohol content within his or her body. As used in this section, "any bodily alcohol content" means either of the following:

(a) An alcohol content of not less than 0.02 grams or more than 0.07 grams per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine.

(b) Any presence of alcohol within a person's body resulting from the consumption of intoxicating liquor, other than consumption of intoxicating liquor as a part of a generally recognized religious service or ceremony.

5.15a(8) If a chemical test described in subsection (6) is administered, the test results shall be made available to the person charged or the person's attorney upon written request to the prosecution with a copy of the request filed with the court. The prosecution shall furnish the results at least 2 days before the day of trial. The prosecutor shall offer the test results as evidence in that trial. Failure to fully comply with the request bars the admission of the results into evidence by the prosecution.

5.15a(9) Except in a prosecution relating solely to a violation of section 5.15(1)(b) or (13), the amount of alcohol in the driver's blood, breath or urine at the time alleged as shown by chemical analysis of the person's blood, breath or urine shall give rise to the following presumptions:

(a) If there were at the time 0.07 grams or less of alcohol per 100 milliliters of the defendant's blood, per 210 liters of the defendant's breath, or per 67 milliliters of the defendant's urine,

it is presumed that the defendant's ability to operate a motor vehicle was not impaired due to the consumption of intoxicating liquor, and that the defendant was not under the influence of intoxicating liquor.

(b) If there were at the time more than 0.07 grams but less than 0.10 grams of alcohol per 100 milliliters of the defendant's blood, per 210 liters of the defendant's breath, or per 67 milliliters of the defendant's urine, it is presumed that the defendant's ability to operate a vehicle was impaired within the provisions of section 5.15(3) due to the consumption of intoxicating liquor.

(c) If there were at the time 0.10 grams or more of alcohol per 100 milliliters of the defendant's blood, per 210 liters of the defendant's breath, or per 67 milliliters of the defendant's urine, it is presumed that the defendant was under the influence of intoxicating liquor.

The parties to the proceedings for judicial review may stipulate that the record be shortened. A party unreasonably refusing to stipulate to a shortened record may be taxed by the court in which the petition is filed for the additional costs. The court may permit subsequent corrections to the record.

(8) If the person who requested the hearing prevails, the peace officer who filed the report under section 5.15d may, with the consent of the prosecuting attorney, file a petition in the circuit court of the county in which the arrest was made to review the determination of the hearing officer as provided in MCL 257.323.

(9) When it has been finally determined that a nonresident's privilege to operate a vehicle in the state has been suspended or denied, the department shall give notice in writing of the action taken to the motor vehicle administrator of the state of the
person's residence and of each state in which he or she has a license to operate a motor vehicle.

A public hearing was held to hear comments, if any, to permitting the use of a billiard room at 27635 John R, said property is zoned B-3, General Business. There being no comments from the audience, the public hearing was closed.

Motion by Councilwoman Johnston,
Supported by Councilman Pearce,

WHEREAS, a Special Approvals Board application has been received from Thi Hue Vo, 2238 Common Road, Warren, Michigan 48092 to use the property at 27635 John R Road for a billiard room, said property being zoned B-3, General Business; and

WHEREAS, a public hearing was advertised in the Daily Tribune on February 25, 1996, and 56 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that the petitioner is proposing to locate a billiard hall in the Farnum Plaza Center on the southwest corner of Farnum and John R. The store would be 20 feet wide by 60 feet deep and contain approximately 1,200 square feet. The application calls for the placement of four (4) billiard tables within the facility. The owner hopes that the business will be patronized by the growing Vietnamese community that resides in this general area. The proposed hours of operation would be 11 a.m. to 12 midnight Monday thru Thursday and 9 a.m. to 12 midnight on Friday, Saturday and Sunday. The business would be staffed by one employee during each shift. In addition to the Zoning Ordinance provisions, which require Special Approval for uses of this type, Sections 4-17 thru 4-20 of the Code of Ordinances establish certain regulations for the licensing and operation of pool and billiard halls. Council granted a very similar request in the strip center on the southwest corner of John R and LaSalle at its December 11, 1995 meeting.

The proposed business would be staffed by five (5) employees and have hours of operation from 8 a.m. to 6 p.m. Monday thru Friday. Saturday and Sunday operations would be limited to truck maintenance. The application indicates that there would be five (5) towing vehicles on the site. The subject property is 125 feet wide by 110 feet deep and is zoned M-1 Light Industrial. 76. S.A.D. 249- Year 10 Sidewalk, Resolutions 3 and 4.

A public hearing was held to hear comments, if any, on the necessity to construct sidewalks in an area bounded by Twelve Mile, Dequindre, Connie and Couzens/Hales. Marion Whitehead, 1198 Connie stated her sidewalk had been damaged due to tree trimming job on her street, and she had called previously regarding this matter. City Manager Austin stated that staff will investigate. Pat Stephenson, 1850 East 12 Mile Road inquired whether it was the entire sidewalk in front of her business or just the marked ones scheduled for replacement. City Manager Austin stated that it was just the ones marked with an X. P.A. Bozman, 1207 Connie stated that the sidewalk slabs are not broken but are raised due to the roots of the trees. City Manager Austin stated that residents have the option to replace the walk, remove the slab and cut back the roots or the City will contract and she would be charged a special assessment. Ruby Swindall, 1546 Beverly inquired as to what the amount of the assessment would be and if they still had the option to do the work. City Manager Austin provided his estimate and stated that the estimate could vary 5% below or above and that they still had time to do the work themselves. Mike Redwen, 1378 Maureen stated that the slab in front of his home only needed to be tilted back into position and not replaced. City Manager Austin stated that an inspector will come out to evaluate the condition of the slab and if it does not need replacing the City will remove it from the S.A.D. roll. There being no further comments from the audience, the public hearing was closed.

148. Public Hearing - Special Approvals Board - Denied.

A public hearing was held to hear comments, if any, to permitting the use of a mobile fleet maintenance facility at 25529 John R Road; said property is zoned M-1, Light Industrial. Carol Biller, owner of the property at 47 West Brockton opposed the facility because cars from the subject property are parking on the unimproved vacant lot which is adjacent to her property, due to the lack of unavailable parking on the subject property. Community Development Director Moore stated that at times the vacant lot is used improperly as a parking lot. There being no further comments from the audience, the public hearing was closed.

Motion by Councilwoman Russell,
Supported by Councilman Mac Lean,

WHEREAS, a Special Approvals Board application has been received from Jon Lawrence, Digital Micro Imagineering Inc., 25529 John R Road to use the property at 25529 John R Road for a mobile fleet maintenance facility, said property being zoned M-1, Light Industrial; and

WHEREAS, a public hearing was advertised in the Daily Tribune on April 30, 1996, and 233 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that this proposal is to use a vacant portion of the industrial building on the west side of John R, between Dallas and Brockton, to operate a fleet maintenance facility. The subject portion of the building is 67' wide by 76' deep and contains approximately 5,100 square feet. The applicant indicates that the majority of the work is done off-site at various customer locations; however, some vehicles may be towed to the site for repairs. The business would have five (5) vans and one (1) car for company use, and have hours from 7:00 a.m. to 5:00 p.m., Monday thru Friday. Please note, that some of the five (5) full and three (3) part-time employees would be on call 24 hours a day. The

zoning on this property is M-1 Light Industrial. The only available parking (eight [8] spaces) is situated behind the building and is accessed from the public alley which connects Dallas and Brockton.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.329 (6) of the Code of Ordinances, hereby denies the request for the reason that there is insufficient parking for the employee vehicles, service vehicles, and the vehicles being repaired.

Yeas: McGillivray, Mac Lean, Pearce, Russell, Suarez and Johnston.

Supported by Councilman Pearce,

WHEREAS, a Special Approvals Board application has been received from Charles O. Oke, Tri County Petroleum, Inc., 3525 Rochester Road, to use the property at 28945 John R Road for a new car wash and a convenience store/gas station to be constructed at 28945 John R Road, said property being zoned B-3, General Business; and

WHEREAS, a public hearing was advertised in the Daily Tribune on May 3, 1996, and 76 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that this request is to demolish the existing gas station on the southwest corner of Twelve Mile and John R, and to erect a new gas station/convenience store and car wash on the site. The hours of operation for the car wash would be 8 a.m. until 10 p.m. daily, while the gas station/convenience store would be open 24 hours a day 7 days a week. The gas station/convenience store and car wash activities would be staffed by a total of 2 to 3 employees at any one time. The subject property is 150 feet wide by 175 feet deep and is zoned B-3 General Business.

The proposed car wash would contain approximately 1,000 square feet, while the gas station/convenience store would contain 2,803 square feet. The Site Plan Review Committee has done a preliminary review of the Site Plan and has expressed concern over the potential conflicts that would result between traffic entering the site from southbound John R and cars parked for refueling at the easterly 2 of the 6 pump islands. The Traffic Safety Committee was asked to evaluate this request and to make a recommendation to City Council. Should Council decide to approve this request, it will be necessary for Council to grant a waiver of Section 24-9(b) of the Code of Ordinances, allowing construction of the gas station canopy within 60 feet of the centerline of John R Road and Twelve Mile Road. In addition, a rear setback and fence variance would be required from the Zoning Board of Appeals.

WHEREAS, a report has been received from the Site Plan Review Committee, dated April 10, 1996, stating that 28945 John R Road New Car Wash & Convenience Store.

Denied pending the following items:

1. Provide 20' minimum setback in rear.
2. If dumpster is to be used, it must be located a minimum of 10 feet from the building, enclosed with 6 foot poured concrete wall with screen gates. Location of dumpster appears to create a site visibility problem for cars and pedestrians, relocate to alleviate this problem.
3. Bumper blocks or curb required wherever parking is adjacent to buildings, walls, landscaped areas and fences.
4. Submission and approval of an acceptable engineering site plan (6 sealed copies required) along with an engineer's cost estimate of the on site engineering work.
5. Submission and approval of an acceptable landscape plan indicating size and type of planting material.
6. Repair or replace public sidewalk as necessary. Concrete permit may be necessary.
7. Provide sign location on site plan.
8. City Council Special Use Approval for car wash and gas station is required.
9. Relocate entrances and approaches to better align with proposed fueling locations.
10. Is canopy proposed on site - if so, provide cross section of height, setback, and type of construction.
11. Approval of site plan required by the Planning Commission.
12. Proposed site plan must comply with requirements in Section 10.326 (8 & 8a) of the Zoning Ordinance regarding Car Washes or receive approval from Zoning Board of Appeals.
13. This matter will be referred to the Madison Heights Traffic Safety Committee for their consideration and possible recommendation to City Council at the time of consideration of the Special Use Approval request.

WHEREAS, report has been received from the Traffic Safety Committee, dated May 8, 1996, stating the Traffic Safety Committee met on May 7, 1996 to study a proposal by the owner, to change the pump configuration at the Total Gas Station at the southwest corner of 12 Mile and John R, to build a larger convenience store and a car wash and to build a new and enlarged canopy over the new pump islands. This proposal was sent to Traffic Safety from the Site Plan Review Committee.

First, it is important to note that at this intersection 12 Mile handles more than 38,000 cars per day and John R handles more than 33,000 cars per day. It is a fantastic location for a business but a potentially perilous intersection. We've all had experiences from following cars in the curb lane of any busy intersection with cars slowing to turn into a driveway. This causes us all to look, nervously, into our rear view mirror to see if the person behind us is going to stop. As we all know, at traffic signal intersections, this problem is caused by vehicles starting out from a light and beginning to speed up at close intervals. The vehicle that then starts his turn signal after the intersection and brakes to turn into a driveway 45' to 50' later causes a start up-brake down situation to the cars following it. We have this situation currently at this site and it is the opinion of the Traffic Safety Committee that this proposed configuration will make this intersection more hazardous and present increased life safety concerns. Knowing of the petitioner’s understandable desire to enhance his business and the City's desire to assist businesses with the look of their business, and the short time line, the Traffic Safety Committee has made some recommendations for Council consideration. For Sake of clarity we have lettered the driveways A, B, C and D, and numbered the proposed pump islands as 1, 2, 3, 4, 5 and 6.

With the location of the new pump island #5, there is insufficient room for a customer traveling southbound who turns into driveway "C" to respond to "Where to go?" Another customer parked at pump #5 could easily be as close at 20'-22' to John R. There is no decision corridor for drivers to move into and as a consequence, there is insufficient response time. Instead, we believe, cars will stop, hanging out halfway into southbound John R in order to make their decision. It is an important concern that the driveway approaches are only about 7 1/2' deep (probably less than your home driveway) and the pedestrian sidewalk is immediately next to John R.

2. Vehicles at pumps #4 and #5 facing east who wish to go southbound on John R will either be leaving by crossing driveway "C", (the one that already has a problem) or within a 10' drive in front of parked customer cars at pump #6, both of which are unrealistic.

3. Obviously if the builder does away with pump #5, there is a problem with canopy support without significantly increasing the truss or beam load.

4. The owner currently has 12 pump stations and likely wishes to continue 12 pump stations in his reconfiguration.

RECOMMENDATIONS:

1. Driveway "C" be closed.
2. Driveway "D" be enlarged, if requested, from 32'5" to 40'.
3. The petitioner do away with pump #6.
4. The petitioner angle the canopy from island #5 to island #1 to parallel the angle from pump #3 to the store.
5. The dumpster and screening move at least 8' south of proposed site due to a site visibility problem with 12 Mile.
6. If the fence is required, that it be stopped at least 8' from owners side of sidewalk due to site visibility on both John R and 12 Mile.
7. The petitioner do away with site obscuring bush at southeast corner of site, by John R.
8. The distance from the car wash exit to John R is less than 70'. This may or may not be appropriate to provide adequate drip distance for water from cars exiting the car wash so as not to cause a hazardous ice situation during the winter.

It is our belief that this recommendation will provide decision making space for both entering and exiting vehicles.

It is also believed that because of the enlarged size of the convenience store, and the canopy and the new use of car wash, that attempting to maintain 6 separate pumps is attempting to put 6 pounds of sugar in a 5 pound sack. The size of the site, 150' X 175', is simply too small.

It was so moved by Chief Donahue, supported by P. Connors.
Ayes: All

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.326 (7,8) of the Code of Ordinances, hereby approves the request contingent upon compliance with the Traffic Safety Committee recommendations dated May 8, 1996 and the Preliminary Site Plan Review Committee requirements dated April 10, 1996.

152. Substitute Motion.

The gas station/convenience store and car wash activities would be staffed by a total of 2 to 3 employees at any one time. The subject property is 150 feet wide by 175 feet deep and is zoned B-3 General Business.

The proposed car wash would contain approximately 1,000 square feet while the gas station/convenience store would contain 2,803 square feet. The Site Plan Review Committee has done a preliminary review of the site plan and has expressed concern over the potential conflicts that could result between traffic entering the site from southbound John R and cars parked for refueling at the easterly 2 of the 6 pump islands. THE CITY OF MADISON HEIGHTS ORDAINS:

Section 1. The City of Madison Heights, Michigan ("City") has reviewed the qualifications and proposal submitted by Ameritech New Media, Inc., ("Grantee") and finds that Grantee is qualified and its proposal would satisfy the City's current and future cable-related needs in competition with Continental Cablevision of Michigan, Inc.

Section 2. The City consents to Grantee erecting, constructing, installing and maintaining a cable television system, including all necessary lines, equipment, and other facilities on, along, across and under the highways, streets, alleys, bridges and other public places for a period no longer than 15 years, subject to all requirements of Ordinance No. 925 ("Local Cable Ordinance"). Section 9

(a) By enacting this Ordinance No. 932 and awarding the Franchise to Grantee pursuant to this Ordinance, the City is acknowledging that: (i) the City has analyzed fully and considered the technical ability, financial condition and legal qualifications of Grantee; (ii) the City, after such consideration, analysis and deliberation as are required by applicable law (including, without limitation, the City's Local Cable Ordinance), has approved and found sufficient the technical, financial and legal qualifications of Grantee to provide cable television service; and (iii) the City has also

considered and analyzed the plans of Grantee for the construction and operation of a cable television system and found the same to be adequate, feasible, in the public interest and in compliance with all applicable requirements of the Local Cable Ordinance, including, without limitation, Article IV of the Local Cable Ordinance.

(ii) Grantee shall calculate its then current cost per mile of extension. This shall be divided by Twenty (20) locations per linear mile to arrive at the required per location investment Grantee must make.

(iii) The potential subscribers requesting service shall then be multiplied by Grantee's investment per location and this total amount shall be subtracted from Grantee's current cost per linear mile.

Both Grantee and the City shall be permitted to compel the attendance of witnesses and the production of documents, to present evidence and to cross-examine witnesses. The public hearing may be canceled at any time, if the City is satisfied that Grantee has corrected and/or cured the violation.

THAT the County will, on behalf of the Community, execute essential Community Development and Housing Assistance applications, plans, programs and projects eligible under the Housing and Development Act of 1974 as amended; and

THE CITY OF MADISON HEIGHTS ORDAINS:

SECTION 1.

That Chapter 29, Article II of the Code of Ordinances of the City of Madison Heights, Michigan is hereby amended in part to add a new Section to read as follows:

Section 29-18 Restriction of Water Use in Water Emergencies; Penalties.

(1) Purpose and Intent.

It is hereby determined that due to prolonged droughts or other system-wide heavy demand periods, supply facilities, including system pump stations and reservoirs, experience operation at their maximum capacity. When such situations occur, there is no apparent means immediately available to adequately maintain flow and residual pressure throughout the water system.

Further, emergency conditions sometimes arise which will negatively affect operating flows and residual pressures in any substantial portion of the water system for an appreciable length of time.

When the above conditions exist, it is necessary to require residents within the City of Madison Heights to prohibit or restrict their water use for a limited period of time. Although the City of Detroit Water and Sewerage Department oversees the distribution of water to local communities, the City of Madison Heights has the ultimate responsibility to initiate whatever measures are needed locally in water emergency situations. This Section provides for minimum restrictions necessary to achieve the purpose and intent of this Section.

(2) Declaration of Water Emergency; Restriction requirements.

A. Every person, firm or corporation whose premises are supplied with water by the City of Madison Heights shall be subject to the provisions of this Ordinance and to all rules and regulations of the City Manager pertaining to the use of City water.

B. Upon declaration of a water use reduction emergency by the City Manager or his designee, the City of Madison Heights will implement whatever prohibitions or restrictions are necessary to meet the water reduction requirements. The City of Madison Heights will notify the public of the water emergency and mandatory restrictions pertaining to water use by cable television, local newspapers or any other means available for notification to the public.

C. If, in fact, the City Manager or his designee implements a prohibition or restriction of water use, that prohibition or restriction shall remain in effect twenty four (24) hours per day seven (7) days per week until the City of Madison Heights has declared an end to the water use reduction emergency or the City Manager or his designee determines that a limited prohibition or restriction will be sufficient to protect the health, safety and general welfare of the community.

D. It shall be lawful for the City Manager or his designee to enter upon the premises of any person using City water to install meters for measuring water use and to inspect the meters and other fixtures and appurtenances pertaining to the water works system. The City Manager or his designee may order the Department of Public Services to shut off water to any premises in violation of this Ordinance. Once shut off, a reconnect fee set by Resolution of Council shall be paid prior to the restoration of water services.

(3) Enforcement.

Police Officers and/or Code Enforcement Officers of the City of Madison Heights are hereby authorized to issue Ordinance Violation Notices to any person violating any provision of this Ordinance or any rule or regulation duly adopted in pursuance of this Ordinance.

SECTION 2.

All ordinances or parts of ordinances in conflict with this ordinance are repealed only to the extent necessary to give this ordinance full force and effect.

SECTION 3.

Should any section, subdivision, clause, or phrase of this ordinance be declared by the courts to be invalid, the validity of the ordinance as a whole, or in part, shall not be affected other than the part invalidated.

SECTION 4.

All proceedings pending and all rights and liabilities existing, acquired or incurred at the time this ordinance takes effect, are saved and may be consummated according to the law in force when they were commenced.

SECTION 5.

Any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in an amount not to exceed Five Hundred and 00/100 ($500.00) Dollars or be imprisoned for a period of not more than 90 days, or both such fine and imprisonment.

SECTION 6.

This ordinance as ordered shall take effect Ten (10) days after its adoption and upon publication.

Motion by Councilwoman Russell,
Supported by Councilwoman Scott,

WHEREAS, a Special Approvals Board application has been received from Wanda Siterlet, 8461 Kemberton, Oak Park, Michigan 48237, to use the property at 30600 John R Road for a sit-down/carry-out restaurant, said property being zoned B-3, General Business; and

WHEREAS, a public hearing was advertised in the Daily Tribune on October 1, 1996, and 205 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that this proposal is to utilize the old Swiss Dairy/Traveling Chef building on the southeast corner of LaSalle and John R as a sit-down and carry-out restaurant. The subject property is 60 feet wide by 110 feet deep and contains approximately 6,600 sq.ft. The building is 20 feet wide by 40 feet deep and contains 800 sq.ft. The zoning is B-3 General Business. The applicant indicates that it will be a family run business featuring Polish food, sandwiches and ice cream. Their plans call for interior seating for twenty (20) people at five (5) tables, and exterior seating for thirty-two (32) people at eight (8) tables. The hours of operation will be 7 a.m. to 9 p.m. seven (7) days per week. The total number of employees in all shifts will be six (6), with several of the employees being family members. The B-3 zoning category permits uses of this type after Special Approval by City Council. The existing on-site parking (13 spaces) is adequate to comply with Zoning Ordinance requirements provided that only interior seating is utilized. However, if the applicant wishes to have exterior (warm weather) seating, a variance from the Zoning Board of Appeals will be required.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approvals Board in accordance with Section 10.326 (10) of the Code of Ordinances, hereby approves the request.

Yeas: McGillivray, Pearce, Russell, Stema, Suarez and Scott.

312. Public Hearing - Special Approvals Board. DENIED

A public hearing was held to hear comments, if any, to permitting the use of a used car lot/dealership/detail shop at 230 West 11 Mile Road; said property is zoned B-3 General Business. Tom Elkins representing Tarik Dehko, owner of the property stated that the size of the lot limits the use and the ingress and egress was a good site for the proposed car lot. There being no further comments from the audience, the public hearing was closed.

Motion by Councilman McGillivray,
Supported by Councilman Mac Lean,

WHEREAS, a Special Approvals Board application has been received from Heather L. Blair, 410 N. Mildred, Dearborn, Michigan 48128, to use the property at 230 West 11 Mile Road for a used car lot/dealership/detail shop, said property being zoned B-3, General Business; and

WHEREAS, a public hearing was advertised in the Daily Tribune on October 1, 1996, and 155 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that the petitioners are proposing the placement of a used car lot (with a detail shop) on the north side of Eleven Mile between Brush and Alger. The property is 222 feet wide by 100 feet deep and is zoned B-3 General Business. The site was previously occupied by a frozen custard business. The application indicates that the existing 888 sq.ft. building would remain and be used as office and storage for the used car business. The property is presently paved and served by storm sewers. The business would be staffed by two employees with hours of operation from 9:00 a.m. to 7 p.m. Monday through Saturday and be closed on Sundays. The applicant has indicated that he does not plan to modify the building to create a service bay, but rather minor repairs and detailing would be done outdoors. In evaluating this request, Council should consider the standards contained in Section 10.805 of the Zoning Ordinance, and determine whether or not the proposal will be detrimental to surrounding land uses. Used car sales can adversely impact traffic flow within the immediate area and surrounding residential uses. This Department has received complaints in the past regarding

individuals in car sales lot working on vehicles out-of-doors and test driving of vehicles on residential streets. Please note that Madison Motors and OM Auto Sales are currently located on West Eleven Mile Road.

a. Franchisee agrees to defend, indemnify and save harmless the City and its employees, officers, officials and representatives acting in their official capacity (collectively, "Indemnified Party") against all damages, losses and expenses (including, without limitation, reasonable attorney fees and costs of suit or defense) arising from any claims, demands and suits for personal injury (fatal or nonfatal), property damages or claims of any other nature, to the extent such damages, losses or expenses arise out of or are caused by the negligent or other wrongful acts or failures to act of franchisee or its employees, agents, servants, officers, directors, contractors, subcontractors or representatives. Notwithstanding the foregoing, this Subsection shall not apply to any liability which may accrue to the City with regard to the City's use of any channel provided for the City's use or arising out of the use of the emergency override capability.

b. The City and franchisee acknowledge that Section 635A of the Federal Cable Act limits the liability of the City to third parties in connection with the grant of the Franchise. In particular, Section 635A limits to injunctive and declaratory relief any relief in any court proceeding brought by a third party involving any claim arising from the regulation of cable service or from a decision to grant, renew, transfer or amend a franchise, to the extent that relief is required by any other provision of federal, state or local law.

c. Notwithstanding this provision, franchisee shall defend, indemnify and hold harmless the City against all damages, losses and expenses (including, without limitation, reasonable attorney fees and costs of suit or defense) arising from any third-party suit which (1) challenges the authority of the City to issue a franchise to franchisee or (2) alleges that, in issuing the Franchise to

franchisee, the City acted in an illegally disparate or discriminatory manner.

d. The City and franchisee agree that franchisee's duty to defend and indemnify the City encompasses claims that the City (1) lacked authority under federal or state law, the City Charter, City Code or Ordinance No. 925 (as amended in connection with the grant of the Franchise) in issuing the Franchise to franchisee, (2) violated federal or state due process, equal protection or civil rights laws in awarding the Franchise to franchisee, (3) acted in an illegally disparate or discriminatory manner against the City's incumbent cable operator in awarding the Franchise to franchisee or (4) accepted terms or conditions in the Franchise awarded to franchisee which violate federal or state laws, if any, regarding equal protection rights of competitors in providing cable television services in the City.

e. The City and franchisee agree that franchisee's duty to defend and indemnify under the immediately preceding Subsections c and d shall not include any claims or defenses which do not arise, and become complete, upon the award of the Franchise to franchisee, and so, shall not include any duty to defend or indemnify against claims which arise after the grant of the Franchise, including, without limitation, any claims that: (1) the City has engaged in disparate or discriminatory regulatory enforcement activities under Ordinance No. 925, as amended, after the grant of the Franchise; or (2) the City cannot enforce Section 7½-56(1) against the incumbent cable operator on equal protection or any other grounds. In addition, franchisee's duty to defend and indemnify does not include any claims by the City's incumbent cable operator, regardless of when the claims arise, that any action by the City in granting franchisee's Franchise, including, without limitation, the repeal of Section 7½-56(2), violates any of the incumbent cable operator's contractual rights.

f. The City and franchisee agree that, if any action is commenced against the City which raises both claims that are covered by franchisee's duty to defend under this Section 7½-39 and claims that are *not* covered by franchisee's duty to defend, franchisee's duty to defend the City in that action shall extend *only* to the claims that are covered by franchisee's duty to defend under this Section 7½-39.

g. The Indemnified Party shall give franchisee reasonably prompt written notice of any claim, demand, action or proceeding for which indemnification will be sought under this provision of the Ordinance and, if such claim, demand, action or proceeding is a third-party claim, demand, action or proceeding, franchisee shall, at its expense, assume the defense of such claim, demand, action or proceeding, using counsel reasonably acceptable to the Indemnified Party. The Indemnified Party shall have the right to provide counsel, at its own expense, with respect to any such third-party claim, demand, action or proceeding that franchisee so defends. In connection with

any such third-party claim, demand, action or proceeding, franchisee and the Indemnified Party shall cooperate with each other and provide each other with access to relevant books and records in their possession. No such third-party claim, demand, action or proceeding shall be settled without the prior written consent of the Indemnified Party, which consent the Indemnified Party shall not unreasonably withhold or delay."

Section 23. Grantee shall be entitled, in its discretion, to satisfy the requirements of Section 7½-39 of the Local Cable Ordinance relating to a performance bond by obtaining instead a letter of credit in the same amount as the specified bond. Furthermore, the term of the bond or letter of credit, as the case may be, shall expire one year immediately following the Effective Date of this Agreement; *provided, however*, that, if after the expiration of the bond or letter of credit, Grantee fails to perform when due any of its obligations under this Agreement (other than its construction obligations), and if Grantee fails to cure that default within 30 days after its receipt of written notice describing that default, Grantee shall immediately reinstate the bond or letter of credit and maintain the bond or letter of credit for the then-remaining balance of the Term.

Section 24. Section 7½-41 ("Operational standards") of the Local Cable Ordinance is amended to read as follows:

"The technical standards for operation of the system shall, in addition to meeting the requirements specified in the franchise shall comply with any other standards or codes of general applicability therefor as may be adopted by the City."

Section 25. Section 7½-47 of the Local Cable Ordinance is amended to read as follows:

"**Revocation of Franchise**

a. Major Breach of Franchise. When any event, act or omission on the part of Grantee occurs which represents a substantial or repeated violation of a material provision of this Agreement, then such event, act or omission may be considered a major breach of this Agreement. Under such circumstances, the City shall notify Grantee in writing by certified mail, of the specific breach, and direct Grantee to comply with all the provisions of this Agreement for which the Grantee is in violation.

b. Events of Default. The events, acts and omissions referred to in this Section are the following: (1) bankruptcy; (2) insolvency; (3) failure to pay taxes or franchise fees; (4) failure to receive written City approval for assignment or transfer; or (5) a major breach of this Franchise (as noted in Subsection 13.a above) that remains uncured for the 60-day cure period described in Subsection 13.c below. The hearing shall afford full due process to Grantee and shall be held on the record. Both Grantee and the City shall be permitted to compel the attendance of witnesses and the production of documents, to present evidence and to cross-examine witnesses. The public hearing may be canceled at any time, if the City is satisfied that Grantee has corrected and/or cured the violation.

(2) Notice. The City shall provide written notice, by certified mail, to Grantee of the time and place of said public hearing in a manner consistent with state law.

(3) Evidence Regarding Status of Alleged Violation. At the time of the hearing, Grantee may present information on the current status of the alleged breach of the Franchise. If the situation has been resolved, or steps are being taken to resolve the situation, then Grantee should present such information at the hearing.

(4) Effect of Failure to Attend. If Grantee fails to attend the hearing, or submit a written response, or request a continuance of the hearing, then Grantee shall be deemed to have waived its right to a further continuation of the matter, and may be declared in default of the Franchise.

d. Alternatives if Violation is Found. The City may (once it has held the public hearing) direct the Grantee to take corrective action within a specified period of time, or may declare the Grantee in default of this Agreement, and afterwards, revoke, terminate or cancel the Franchise.

e. Notice to Grantee. If the City directs corrective action to take place within a specified time or declares the Grantee in default of this Agreement, then that declaration shall be reduced to writing, and the notice of corrective action or default shall be mailed, by certified mail, or in the alternative may be hand-delivered, to Grantee within 15 days of the City's action.

f. Revocation for Failure to Correct Violation. If, within 45 days after receipt of the notice of the City's direction of corrective action as provided in this Section, Grantee does not take significant action to rectify the breach, or submit a plan detailing how the Grantee will eliminate the breach, then the City may revoke Grantee's Franchise and shall notify Grantee immediately; *provided however*, that such revocation shall not be effective any earlier than 30 days following the date of such notification."

Section 28. The various parts, sections and clauses of this ordinance are declared to be severable. If any part, sentence, paragraph, section or clause is adjudged unconstitutional or invalid by a court of competent jurisdiction, the remainder of the ordinance shall not be affected.

Section 29. The repeal provided for shall not abrogate or affect any offense of act committed or done, or any penalty or forfeiture incurred, or any pending litigation or prosecution of any right established or occurring prior to the effective date of this ordinance.

4. Special Approval at 29350 John R Road.

A public hearing was held to hear comments, if any, to permitting the use of a retail industrial contractors supply store at 29350 John R Road, said property is zoned Light Industrial. Mr. Bill Kemp, Kemp Building & Development Company, 275 West Girard, Madison Heights, representing the

applicant, Leo Corradi, stated that they have been in business for 24 years in the City and they currently are operating out of 4 buildings at different locations. This will be a 25,000 square feet state of the art building with truckwells. Storage will be in the rear of the building and fenced and customer parking will be in the front of the building. There being no further comments from the audience, the public hearing was closed.

Motion by Councilwoman Scott,
Supported by Councilman Mac Lean,

WHEREAS, a Special Approval Board application has been received from Leo Corradi, CCC & B Limited Liability Corporation, 25914 John R Road, Madison Heights, Michigan 48071, requesting to use the property at 29350 John R Road for a retail industrial contractors supply store, said property is zoned M-1, Light Industrial; and

WHEREAS, a public hearing was published in the Daily Tribune on January 3, 1997, and 88 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that National Ladder & Scaffolding is presently located on the southeast and southwest corners of Lincoln and John R Road. This business supplies contractors and industry with ladders, scaffolding, lifts, tool boxes, work clothes and related supplies. The owner, Mr. Leo Corradi, is proposing to relocate his business into a new light industrial building on the east side of John R Road, immediately south of the City's Senior Center. The subject property is approximately 241 feet wide by 1,300 feet deep and contains 7.57 acres. The zoning is M-1 Light Industrial. The petitioner is proposing a 45,400 sq. ft. building on the westerly 2 1/2 acres of the site, fronting onto John R. The balance of the property will be reserved for future light industrial development. While most of the petitioner's business is clearly light industrial in nature, and thus appropriate as a permitted use within the light industrial section of our Zoning Ordinance, the petitioner is also requesting approval to sell his products on a retail basis. This portion of the business's total sales will likely be quite small (10% or less), however, retail sales in the M-1 District require that City Council grant Special Approval. The enclosed preliminary site plan has adequate parking space available and complies with Zoning Ordinance requirements.
NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, Acting as a Special Approval Board in accordance with Section 10.329 (5) of the Code of Ordinances, hereby approves the request.

31. FY 1997-2002 Capital Improvement Plan and Special Assessment District Policy.

Motion by Councilwoman Russell, supported by Councilwoman Stema, to concur with the recommendation of City Manager Austin and that the Five Year Capital Improvement Plan for FY 1997-2002 be received and filed and to adopt the Special Assessment District Policy, as follows:

NEIGHBORHOOD ROAD MILLAGE
SPECIAL ASSESSMENT DISTRICT POLICY
JANUARY 27, 1997

I. Authority

A. Charter Amendment

A proposal to provide for necessary residential street repair and reconstruction by levy and collection of two (2) additional mills per year for ten (10) years.

B. Code of Ordinances

Section 22-2.1 Council shall, from time to time as the need may require, adopt or change by resolution the uniform policies or procedures of the City with reference to special assessments within the City of Madison Heights.

II. Definition of Terms

These road definitions are based on the State of Michigan Public Act 51 of 1974 program as designated by the Michigan Department of Transportation.

A. Major Streets

Streets carrying relatively high traffic volumes in serving one or more of the following are considered to be part of the Major Street system.

1. Streets that provide extension to state trunk lines or County primary roads in facilitating through traffic.

2. Streets that provide an integral network to service the traffic demands created by industrial, commercial, educational, or other traffic generating centers.

3. Streets that provide for the circulation of traffic in and around the central business district.

4. Streets that are designated as truck routes.

5. Streets that collect traffic from an area served by an extensive network of local streets.

In Madison Heights these streets are typically 86 foot right-of-ways, but may be only 60 foot.

B. Local Streets

Typically, a 50 foot or 60 foot right-of-way serving local traffic in residentially zoned and used areas.

III. Determining Eligibility for Public Funds, Proposal “R” Participation

A. The initial roadways that are eligible for “R” funding must appear on the priority Ten (10) Year Construction Schedule attached to and made part of this policy.

B. These streets must be unimproved (non-concrete, without storm drainage, and without curb and/or gutter) seal coat roads.

IV. Procedure for Initiating or Deleting an Authorized Project

A. Approximately one (1) year in advance of the year that the Proposal “R” funds are to be made available, an advisory survey shall be taken by the City of the

benefiting property owners as to their willingness to be specially assessed for the private benefit portion of the total cost of a road improvement. The City will conduct this survey through the mail utilizing a post card return system. The results of this advisory survey shall be presented to Council for use in their deliberation as to whether or not to proceed with the establishment of a Special Assessment District.

B. If Council approves the creation of a Special Assessment District, the Community Development Department shall initiate the Special Assessment process by sending the administrative report along with Resolutions #1 and #2 for Council's consideration.

C. If, after reviewing the Advisory Survey, Council decides not to do the project:

1. The neighborhood road improvement project will be removed from the ten (10) year construction schedule.

2. The remaining Proposal "R" authorized projects will then advance in position based on the order outlined in the attached Ten (10) Year Construction Schedule. This prioritization will be adhered to until the original projects have been completed.

3. After all the Proposal "R" projects (on the attached schedule) are underway or have been removed, the following may happen:

a) The City Council may decide to do additional road projects after considering the City Manager's recommendation;

b) If there are still monies available to fund additional projects, citizens who own property abutting a seal coated, unimproved street may petition Council to have their street added to the Proposal "R" listing. Streets will be considered on a first come-first served basis; and

c) Projects may also be considered only to the extent that funds remain to offset construction costs.

D. <u>Determination of the Public Contribution to the Proposal "R" Special Assessment District.</u>

1. City Code, Section 22.2, Council Powers: The Council shall have power to determine by resolution that the whole or any part of the cost or expense of any improvement shall be defrayed by special assessment upon the property benefited, etc.

2. If the project is to proceed under Proposal "R", Council shall find that owners of property on a residential major street shall be assessed based on 40% private benefit, 60% public benefit; and on a residential local street, 50% private benefit, 50% public benefit, of the total street construction project cost.

3. The private benefit specially assessed will be paid back based on the declining balance method over a period not to exceed fifteen (15) years. The interest rate shall not exceed either six percent (6%) or one percent (1%) in excess of the rate of interest borne by the City on any debt issued to support these projects, whichever is higher.

IV. Sunset Provision

This policy will cease to exist upon the expiration of the Proposal "R" authorized millage and funding, or at a later date if extended by the voters.

WHEREAS, a Special Approval Board application has been received from Andrea Mansour representing Sprint, PCS, 200 Galleria Office Centre, Suite 125, Southfield, Michigan 48034 requesting to use the property at 29790 Stephenson Highway for construction of a 150 foot cellular tower and three ground cabinets, said property is zoned M-1, Light Industrial; and

WHEREAS, a public hearing was advertised in the Daily Tribune on Thursday, January 30, 1997, and 66 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that Sprint is proposing to construct a monopole antenna and related equipment cabinets on the east side of Stephenson Highway behind King Centerless Grinding. Bill Madden, representing the owners, stated that changes have been made to the site plan in conformance with the Plan Commission recommendations. Dale Evancho, 27714 Park Court, owner of Lots 71 to 73 stated he had no objections to the rezoning for High-Rise use if right-of-way is granted to allow the building of a road between his property and the development. Robert Arthur, 27710 Park Court, owner of Lot 71, stated he has no objections and requested that if a road is not built in the future, that the property be kept clean of junk cars, garbage and stagnant water. Community Development Director Moore stated that currently there is a 30 foot right-of-way behind the Park Court properties and a road is a possibility with homes built on one side if the property owners agree to a special assessment or a residential developer is found that would pay for the road. He further stated that plans have been made to clean up the area. There being no further comments, the public hearing was closed.

he can still hire his own construction company to do the work and if he does not like the work, who does he complain to. City Manager Austin stated that if you do have the walk fixed before the City's construction company comes through he would not be assessed or if you choose to allow the City's construction company the Construction Inspector will inspect the work. Sam Francis, 29225 Tessmer Court inquired as to what will be done about the sidewalks in Madison Manor. City Manager Austin stated that Madison Manor management company and their Attorney has requested a consolidation of the special assessment and the residents will not be individually assessed. There being no further comments from the audience, the public hearing was closed.

113. Ordinance Number 948 - Downtown Development Authority - First Reading.

A public hearing was held to hear comments, if any, to create a Downtown Development Authority (DDA) and designate the Downtown District Boundaries. Kenneth Kovtun, 27415 Lorenz inquired if the residents will be able to choose what kinds of businesses would be allowed and that the corner store is selling cigarettes to minors. City Manager Austin explained that the Zoning Ordinance, not the DDA, lays out what kind of businesses are permitted in the different zoning classifications and indicated that the Police Department will investigate the selling of cigarettes to minors. Linda Barrett, 26055 Groveland stated that she was opposed to the Downtown Development Authority boundaries because she thinks the new Authority could take residents' private homes for commercial development. Chuck Burleigh, of Miller, Canfield, Paddock and Stone, representing the City's Bond Counsel stated that only a municipality may take private property for public purpose and that this power could not be used to benefit a private business interest and that the DDA would not have condemnation power. Edna Gottis, 26605 Northeastern stated that she doesn't consider the City's southside a

downtown area. She also stated that the City of Royal Oak is selling property to a development and this could happen here. John Carter, 26033 Groveland stated that he was opposed to the District, that he did not want his properties within the boundaries and that he thinks the City's Legal Counsel is wrong and that the State statute allows the DDA to take residential homes which would increase the size of the commercial district at the expense of the residential district. City Manager Austin stated that the resident's property would have to be sold voluntarily and rezoned. Mr. Carter also questioned if his property taxes will increase. City Manager Austin stated that the increase in taxes would not be because of a DDA but due to increases in the sale value of neighborhood homes. Jess Reffet, 26345 Groveland objected to the DDA boundaries and stated that if a business is not up to standard the City should close it.

City Manager Austin stated that the intent to include the residents was to give them a voice through involving them in the planning process, to have representation on the Board; but because of the concerns of the residents and these discussions, an amendment is offered that the District lines be redrawn to only include properties that abut Eleven Mile Road or John R Road and in excluding almost all of the residential properties. According to the City Assessor there are only three residential properties that are on John R and Eleven Mile Road. The District could still be established and the residents would not have to worry about any perceived negative impacts of being included in the District and would allow the City to work with the businesses to do the small improvements in these areas.

Mark Odom, 26728 Brettonwoods stated that there are a lot of small vacant parcels undeveloped. Mike Drake, 36 East Lincoln stated that he could not find a comparable house at a reasonable price if a business bought his home. Therese Gralka, 27786 Brush asked why this was happening in the Madison School District and not Lamphere District. City Manager Austin stated that our first tax increment finance district started in the Lamphere District and this is an effort to improve businesses in the south area. Maria Risca, 27136 Delton inquired as to the district. City Manager Austin advised her that she is not included in the revised boundaries. Paul Gertz, 27415 Groveland, asked when will Council decide on the boundaries. City Manager Austin explained that after the public hearing there would be a vote by Council on the adjusted boundaries and then a waiting period of 60 days is required before Council votes on the second and final reading. Lenea Renshaw, 331, 333, 335 West 11 Mile Road stated she is a business owner in the City and would be opposed to the taking of any property, if that were the case, but that the DDA will not have that power and the residents should not be concerned. Greg Ott, 26106 Brush asked if the Council will change the boundaries once the audience leaves the meeting. He also stated a tree was removed and never replaced and that the sewer was damaged

when the business in the rear of his property erected a screen wall. Mayor Suarez stated that the Council will vote on the DDA as soon as everyone has spoken at this public hearing. City Manager Austin stated that if the boundaries changed there would have to be another public hearing and the Department of Public Services and the Community Development Department will investigate the screen wall and damaged sewer. Sharon Lichtenberg, 26801 Hampden stated that she lives behind the 7-11 store and her concern was the screen wall in some sections are 6 foot high and not the required 8 foot. In addition she is concerned about the limited parking. Semi-trucks and cars that park in front of her home on a daily basis and across the sidewalk and into the street. People are drinking beer and throwing beer bottles in her front and back yard. City Manager Austin indicated the Police Department Community Policing Officers, and the Building Department will investigate these issues. Thomas Barrett, 26700 Osmun inquired if the DDA members are elected or appointed and if they receive a salary. City Manager Austin stated that they are appointed and serve without compensation. Roberta Murdock, 27785 Groveland stated that her home abuts Tuxedo Park Florist and that the screen wall stops in the middle of her lot accumulating trash, leaves. Mayor Suarez stated that Code Enforcement would be out to investigate. Sharon Gertz, 180 West Lincoln inquired if the boundaries could be expanded at a later date and because they are close to the proposed district would this increase their taxes. City Manager Austin reiterated that it would take another public hearing to change the boundaries and the District would not directly change the assessed valuations. Tony McNeely, 26045 Groveland stated that her home abuts the commercial property, Head Rest Beauty Salon, located on John R Road, and what purpose is having a DDA if businesses were not able to obtain property for needed parking. David Johnston, 27776 Brush stated that his home abuts a vacant commercial property and objected if a bar was to go in there. City Manager Austin stated that everyone including the City wants quality businesses that are responsible and do not distract from the neighborhood. Rebecca Gertz, 27415 Groveland inquired if the improvements would include installing park benches and trees and beautifying the area or be like the downtown Royal Oak Area which is congested. City Manager Austin stated that the City of Clawson DDA at 14 Mile and Main is a better example of the City’s wishes for this area. Mariane Pepchock, 26728 Brettonwoods inquired if the City Zoning laws are different for different businesses such as tobacco and is there any zoning laws in the DDA area which would permit liquor and tobacco. City Manager Austin stated that there are Zoning codes and State laws to address these matters and we do not have any liquor licenses available. She also inquired why a new pharmacy would be allowed across the street from the existing pharmacy. City Manager Austin stated that the zoning does allow for the new pharmacy and the new company has indicated that it would be viable. Priscilla Pelkey, 27449 Groveland stated that her home abuts the Southlawn Landscaping and asked if something could be

done about the odor caused from the stockpiling of materials. City Manager Austin stated that the City will investigate. Dorothy Hess, 26367 Brush stated that the businesses on John R Road do not have enough parking and are parking on the side streets. She also objected that the taxes are going up. Jesse Reffet, 26345 Groveland inquired if the DDA would come up for a vote of the people and where he could acquire a copy of the amended boundary lines of the DDA. Mayor Suarez stated that the Council will make the decision tonight. City Manager Austin stated that the map and legal description should be available on Monday at the City Clerk's Office. Crystal Jordan, 26754 Brush inquired if the amendment to the DDA would include the vacant parcel behind the tanning salon located on the corner of Brush and John R Road. She also abuts Arbor Drug Store and garbage and beer bottles are accumulating in her backyard and people congregate in the alley. City Manager Austin stated that it would include the properties on 11 Mile Road and the City will investigate her other concerns. Ron Frisch, 26746 Brush stated that to increase business in the area will also increase crime. There being no further comments, the public hearing was closed.

Motion by Councilman McGillivray, supported by Councilwoman Russell, to amend the designated boundaries of the Downtown Development District eliminating residential properties except those residential properties located on John R Road and 11 Mile Road and to adopt Ordinance Number 948 on first reading, by number and title only, as follows:

Leroy Proszkowski, 26475 Delton stated that he is opposed to the paving and that his house is on the corner and he guessed that he will also be charged for paving Greig. He also stated when he signed the original petition he believed that the City would pay 50% of the costs on Delton. Michelle Wall, 26380 Delton objected to the proposed paving unless the City would pay 50%. She also stated that there has been problems with cars speeding and a paved street would encourage more traffic and speeding. John Graziosi, 26363 Delton stated that he signed the original petition and is opposed to the cost of the paving. He also stated that they should not pay for additional storm drains. There being no further comments, the public hearing was closed.

132. Public Hearing - Special Approvals at 26719 John R Road - Denied.

Thomas Brennan, 30740 Winthrop opposed the rezoning request because of the overall aesthetic created by the Nature Center and it would compromise and be a detriment to the neighborhood. Bob McComb, McComb Construction, 1871 Austin Street, Troy, Michigan, the applicant, stated that the proposed condominiums would create a buffer for the neighborhood and Thirteen Mile Road. He also stated that it would be better for traffic to have Condominiums than 7 houses because the condos would have access only on Hales. Tony Serra, Architect, 1310 N. Stephenson Highway, Royal Oak, Michigan 48067 representing the applicant reviewed the proposed site plan. Jeffrey Geralds, 944 Canterbury inquired if this would be the first of two readings. Mayor Suarez stated that this is the first reading. Harold Mineer, 1062 West 11 Mile, Royal Oak, stated that he is a realtor and represents daughter, Shirley and son, Bob, who represent the Check Estate. He also stated that the condominium development would save the natural foliage and trees. Bob Check representing the Check Estate stated that their desire is to preserve the trees and the condominiums would be best for the property. There being no further comments, the public hearing was closed.

Motion by Councilwoman Russell, supported by Councilwoman Stema, that Ordinance Number 950, rezoning Acreage Parcels 12-203-012 and 12-203-013 be denied because it would adversely impact the immediate residents to the south and the Nature Center property to the east and is contrary to the City’s Future Land Use Plan.

231. Withdraw from Southeastern Oakland County Resource Recovery Authority.

Motion by Councilwoman Stema,
Supported by Councilman Mac Lean,

BE IT RESOLVED, that the City of Madison Heights hereby elects to withdraw as a constituent member of the Southeastern Oakland County Resource Recovery Authority (SOCRRA) effective at the close of business on June 30, 1997,

BE IT FURTHER RESOLVED, that this decision to withdraw from SOCRRA is without prejudice to the City's rights to its equity interest in SOCRRA, and

BE IT FURTHER RESOLVED, that the City Manager of the City is hereby directed to arrange for a certified copy of this Resolution to be published in The Daily Tribune and for certified copies hereof (including the date of publication) to be sent to SOCRRA, to the Michigan Secretary of State and to the Clerk of Oakland County.

Yeas: Stema, Suarez, Mac Lean, McGillivray, Pearce, Russell and Scott.
Nays: None.

232. Oppose SOCRRA "Ready-to-Serve Charge."

Motion by Councilman McGillivray,
Supported by Councilman Pearce,

WHEREAS, the Southeastern Oakland County Resource Recovery Authority (SOCRRA) has elected to impose a "Ready-To-Serve Charge" on the City of Madison Heights; and

WHEREAS, the City believes that the imposition of such a charge at this time is unnecessary, unauthorized and inappropriate,

NOW, THEREFORE, BE IT RESOLVED, that the City of Madison Heights hereby objects to SOCRRA's imposition of a "Ready-to-Serve Charge," directs the City Manager not to pay such a charge and authorizes the City Attorney and Special Environmental Counsel to take such legal action as they deem necessary and prudent to protect the City's interests in regard thereto.

Yeas: Suarez, Mac Lean, McGillivray, Pearce, Russell, Scott and Stema.
Nays: None.

Mayor Suarez remarked that: "That this inequitable ready-to-serve charge went so far to punish Madison Heights that three cities actually voted to increase what their own citizens would pay for garbage disposal over what the budget needed and the public hearing was premise upon. Only Royal Oak saw the ridiculous thinking that conceived this self destructive plan. In that the Budget for 1997/98 was already published and provided the cost for the remaining twelve cities of SOCRRA for disposal. It is clearly arbitrary and capricious for the SOCRRA Board to institute a last minute unnecessary charge that causes six cities to pay more for their garbage disposal so that the other cities can pay less. Amazingly at the very same meeting the SOCRRA Board voted to reduce the cost per ton that nonmembers would pay for disposal. Further, they had already reduced what their own contractor pays SOCRRA for use of its facilities and bring extra garbage from private

businesses and nonmember cities, while Madison Heights who has been a member since 1955, is required to pay $170,000 more to deliver one simple bag of grass. The residents of the City of Rochester Hills , who is not a member of SOCRRA, can bring their grass clippings to SOCRRA free and can obtain free humus, while Madison Heights, a charter member of SOCRRA, is expected to pay $170,000 for 1997/98 for the privilege of merely remaining a member of SOCRRA. This involuntary servitude is unacceptable and we just will not have it. We have been slow to learn but we now know it makes no sense for us to be cordial to the SOCRRA Board. We were instrumental in beginning meetings with the City of Rochester Hills to solve their long litany of complaints against SOCRRA. We realize they have been able to achieve more as a nonmember than we have as a member. This organization is heading in the wrong direction. The interests of Madison Heights residents are no longer well served by our continuing as a member of SOCRRA. I have been in office for 24 years now and I have had nothing but problems with SOCRRA and it continues and it is getting worse. So we will not continue. Thank You."

233. Purchase - Upgrade 911 Phone System - Police.

Motion by Councilwoman Russell, supported by Councilman Pearce, to concur with the recommendation of Purchasing Agent Elliott to waive the formal bid procedure and award the bid to upgrade the existing 911 System to the sole source vendor, Ameritech for a total cost of $56,194.22.

235. Miscellaneous Discussion.

Councilwoman Stema stated that she was glad that we are no longer members of SOCRRA and hopefully our environment will be clean.

Councilman Mac Lean offered congratulations to retiring Police Chief Keary and newly appointed Police Chief Harries.

Mayor Pro Tem Russell also offered congratulations to Police Chief Keary and newly appointed Police Chief Harries.

City Attorney L. Sherman offered his congratulations to newly appointed Police Chief Harries; the best to retiring Police Chief Keary and Fire Chief Donahue.

City Attorney L. Sherman indicated that the resolutions regarding SOCRRA that were passed tonight and the items mentioned by Mayor Suarez are only a partial list of complaints that the City Council have had with SOCRRA over the past several decades. It would take too long to mention all the complaints. When this Council, in 1995 decided not to renew its agreement with SOCRRA it set forth several issues, not one of which has been resolved in the interim

with this Council's satisfaction. Our membership in SOCRRA reached the point of rediculousness when the SOCRRA Board accepted a legal opinion from their legal counsel, which provided, that our representative, Pete Connors or the alternate, Jon Austin, had no authority to vote on any matters relating to the transfer station located in the City of Madison Heights because we had a conflict of interest. Not to mention the further absurdity after conducting a public hearing on their budget attempting to adopt a ready to serve fee as the final straw to punish the City of Madison Heights for going out, contracting on its own with another waste hauler at a reduced fee so that the 32,000 people that reside in this City pay less for waste disposal than 350,000 people who make up the constituent SOCRRA members. And this Council has decided, it is not going to subsidize the rest of the Cities that make up SOCRRA regarding their waste disposal. He also stated that he wonders how the representatives of the SOCRRA Board can justify to their Councils their decisions to extend with SOCRRA two years ago as well as their decision to go along with the ready-to-serve charge which negatively impacts on several of the SOCRRA Board Cities.

City Manager Austin congratulated newly appointed Police Chief Harries and to retiring Police Chief Keary.

Councilman Pearce also stated that he agreed with the decision of withdrawing from SOCRRA.

Councilwoman Scott offered her wishes to retiring Chief Keary.

Councilman McGillivray congratulated newly appointed Police Chief Harries and retiring Police Chief Keary.

Councilman McGillivray supported the comments of the City Attorney regarding SOCRRA and urged the elected officials of the other communities to look at the operations of SOCRRA. He also stated he and his neighbors will not tolerate the odor and debris from the transfer station.

Mayor Suarez stated that SOCRRA has attempted to inflict us with the highest monetary penalty because Madison Heights will now be saving $200,000.00 annually for disposal cost.

Mayor Suarez offered his congratulations to newly appointed Police Chief Harries and to retiring Police Chief Keary and Fire Chief Donahue.

247. Public Hearing - Special Approvals Board

A public hearing was held to hear comments, if any, to permitting the use of an automotive sales/service facility at 27593 Dequindre. Bill Madden of Auragen Development representing Donn Ulmer, owner of the Whitehill Property, and Tim Dearman, Regional Director of Real Estate for Pep Boys were present and stated that approximately 70% of the business will be retail and 30% will be service; and stated they were available to answer any questions not answered by the application. There being no comments from the audience, the public hearing was closed.

Motion by Councilwoman Russell,,
Supported by Councilman Mac Lean,

WHEREAS, a Special Approval Board application has been received from Kelly Kilboy of Pep Boys, 2610 W. North Avenue, Melrose Park, IL, 60160 requesting to use the property at 27593 Dequindre for an auto part sales/service facility, and

WHEREAS, a public hearing was advertised in the Daily Tribune on July 2, 1997 and 21 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that as the first step in the development of the Whitehill property, the owner is proposing the construction of a Pep Boys store on the south side of the site at the intersection of the new entrance drive and Dequindre Road. Pep Boys specializes in the sale and installation of automotive parts, as well as maintenance and minor repair of cars and light trucks. They are a nationally known business with over 500 locations. The company is listed on the New York Stock Exchange. The proposed building will contain approximately 21,433 square feet and will front north onto the new entrance drive. The store will employ 30 to 40 people with approximately 25 being full time positions. The store will be open from 7 a.m. to 9 p.m. Monday thru Friday, 8 a.m. to 8 p.m. on Saturday and 9 a.m. to 6 p.m. on Sunday. As you may recall, Council approved several zoning changes on the Whitehill property in March of 1997, to facilitate the mixed use concept portrayed on the site plan. The construction of the Pep Boys building should be a first big step in the development of this problem piece of property. The amount of available parking , setbacks, etc. comply with the Zoning Ordinance requirements. If Council should decide to approve this request, approval should be conditioned on the construction of the main entrance drive and utility lines from Dequindre to the west side of the Pep Boys site, and the installation of the 4th head on the existing traffic signal on Dequindre Road.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approval Board in accordance with Section 10-327 (11) of the Code of Ordinances, hereby approves the request, conditioned on the construction of the main entrance drive and utility lines from Dequindre to the west side of the Pep Boys site, and the installation of the 4th head on the existing traffic signal on Dequindre Road.

The court may order the secretary of state to issue to the person a restricted license after the first 30 days of the period of the suspension in the manner provided for in MCL 257.319. In the case of a person who does not possess an operator's or chauffeur's license, the secretary of state shall deny the application for an operator's or chauffeur's license for the applicable suspension period.

The court order under subsection

(4) and the restricted license shall indicate the work location and the person to whom is it issued, the approved route or routes and permitted times of travel, and shall permit the person to whom is issued only to drive under 1 or more of the following circumstances:

(a) To and from the person's residence and work location.

(7) This section does not apply to a passenger in a chartered vehicle authorized to operate by the Michigan department of transportation.

SECTION 2.

Chapter 26, Article I, Section 26-2 is hereby amended to add a new section 5.16b(1) to read as follows:

5.16b(1) **Persons less than 21 years of age, prohibition against transportation of alcoholic liquor in vehicles, exceptions; violations, application; prior convictions; restricted licenses; surrendered licenses; notification of parents**

(1) A person less than 21 years of age shall not knowingly transport or possess, in a motor vehicle, alcoholic liquor unless the person is employed by a licensee under the Michigan liquor control act, Act No. 8 of the Public Acts of the Extra Session of 1933, being sections 436.1 to 436.58 of the Michigan Compiled Laws, a common carrier designated by the liquor control commission pursuant to Act No. 8 of the Public Acts of the Extra Session of 1933, the liquor control commission, or an agent of the liquor control commission and is transporting or having the alcoholic liquor in a motor vehicle under the person's control during regular working hours and in the course of the person's employment. This section does not prevent a person less than 21 years of age from knowingly transporting alcoholic liquor in a motor vehicle if a person at least 21 years of age is present inside the motor vehicle. A person who violates this subsection is guilty of a misdemeanor. As part of the sentence, the person may be ordered to perform community service and undergo substance abuse screening and assessment at his or her own expense as described in section 33b(1) of Michigan liquor control act, Act No. 8 of Public Acts of the Extra Session of 1933, being MCL 436.33,

The order to show cause shall have a date and time fixed in the order for a hearing, which date shall not be less than 10 days after the issuance of the order and shall be served by delivering a true copy to the owner not less than 3 full days before the date of hearing or, if the owner cannot be located, by sending a true copy by certified mail to the last known address of the owner. If the owner is a nonresident of the state, service may be made upon the secretary of state as provided in MCL 257.403.

(3) If the court determines upon the hearing of the order to show cause, from competent and relevant evidence, that at the time of the commission of the violation the motor vehicle was being driven by the person less than 21 years of age with the express

or implied consent or knowledge of the owner in violation of subsection

(1), and that the use of the motor vehicle is not needed by the owner in the direct pursuit of the owner's employment of the actual operation of the owner's business, the court may authorize the impounding of the vehicle for a period, to be determined by the court, of not less than 15 days or more than 30 days. The court's order authorizing the impounding of the vehicle shall authorize a law enforcement officer to take possession without other process of the motor vehicle where ever located and to store the vehicle in a public or private garage at the expense and risk of the owner of the vehicle. the owner of the vehicle may appeal the order to the circuit court and the provisions governing the taking of appeals from judgments for damages shall apply to the appeal. This section does not prevent a bona fide lienholder from exercising rights under a lien.

(4) A person who knowingly transfers title to a motor vehicle for the purpose of avoiding this section is guilty of a misdemeanor.

(5) Immediately upon the entry of a conviction for a violation of subsection (1),or section 5.16b the court shall consider all prior convictions for a violation of subsection (1) or section 5.16b or a local ordinance or law of another state substantially corresponding to this section or section 5.16b, and the court shall do the following:

(a) If the court finds that the person has 1 such prior conviction, the court shall order the secretary of state to suspend the operator's or chauffeur's license of the person for not less than 90 days and not more than 180 days. The court may order the secretary of state to issue to the person a restricted license after the first 30 days of the period of the suspension in the manner provided for in MCL 257.319. In the case of a person who does not possess an operator's or chauffeur's license, the secretary of state shall deny the application for an operator's or chauffeur's license for the applicable suspension period.

(b) If the court finds that the person has 2 or more such prior convictions, the court shall order the secretary of state to suspend the operator's or chauffeur's license of the person for not less than 180 days and not more than 1 year. The Court may order the secretary of state to issue to the person a restricted license after the first 60 days of the period of the suspension in the manner provided for in MCL 257.319. In the case of a person who does not possess an operator or chauffeur license, the secretary of state shall deny the application for an operator's or chauffeur's license for the applicable suspension period.

(6) If a restricted license is allowed under this section, the court shall not order the secretary of state to issue a restricted license unless the person states under oath, and the court finds based

upon the record in open court, that the person is unable to take public transportation to and from his or her work location, place of alcohol or drug education treatment, court probation department, court-ordered community service program, or educational institution, or a place of regularly occurring medical treatment for a serious condition, or in the course of the person's employment or occupation and does not have any family members or others able to provide transportation. The court order under subsection

(5) and the restricted license shall indicate the work location and the person to whom it is issued, the approved route or routes and permitted times of travel, and shall permit the person to whom it is issued only to drive under 1 or more of the following circumstances:

(f) To and from the person's residence or work location and a place of regularly occurring medical treatment from a serious condition for the person or a member of the person's household or immediate family.

(7) The court shall immediately forward the surrendered license and an abstract of conviction to the secretary of state. A suspension ordered under this subsection shall be in addition to any other suspension of the person's operator's or chauffeur's license. If the judgment is appealed to circuit court, the court may ex parte, order the secretary of state to stay the suspension issued pursuant to this section pending the outcome of the appeal.

(8) A law enforcement agency, upon determining that a person less than 18 years of age allegedly violated this section, shall notify the parent or parents, custodian, or guardian of the person as to the nature of the violation if the name of a parent, guardian, or custodian is reasonably ascertainable by the law enforcement agency. The notice required by this subsection shall be made not later than 48 hours after the law enforcement agency determines that the person who allegedly violated this section is less than 18 years of age and may be made in person, by telephone, or by first-class mail.

A public hearing was held to hear comments, if any, to permitting the use of a retail pre-package bakery products store and warehouse for route trucks at 1805 East 11 Mile Road, said property is zoned M-1, Light Industrial. Raymond Chase, 1444 E. 11 Mile Road stated that he is the adjacent owner to this property and does not object to the bakery but is concerned that due to the lack of parking, bakery customers will park on his property. Mayor Suarez informed him that the issue of parking spaces will be taken before the Zoning Board of Appeals and he will receive notification of that public hearing date. There being no comments from the audience the public hearing was closed.

Motion by Councilman Mac Lean,
Supported by Councilman McGillivray,

WHEREAS, a Special Approval Board application has been received from Terry Rupp, representing Interstate Brands Corporation - D.B.A. Dolly Madison Bakery, Wonder, Hostess,

3060 National Road, Columbus, Indiana 47201 requesting to use the property at 1805 East 11 Mile Road for a retail pre-package bakery products store and warehouse for route trucks, said property being zoned M-1, Light Industrial; and

WHEREAS, a public hearing was advertised in the Daily Tribune on August 1, 1997 and 71 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that this request is to utilize the vacant light industrial building on the northeast corner of Areada and Eleven Mile Road for the sale of day old pre-packaged bread and bakery items. The building contains 5,390 sq. ft. and is located on a parcel 83' wide by 110' deep. The zoning is M-1 Light Industrial. The plan calls for the front portion of the building (1,200 sq. ft.) to be used for retail sales, while the rear portion (4,200 sq. ft.) will be used for the storage of bakery products being held for delivery to other retail outlets. The business will be open from 9 a.m. to 6 p.m. Monday through Saturday and closed on Sunday. Both the retail and storage portions of the business will be staffed be a total of seven (7) employees. The subject building has been vacant for several years and has become somewhat of an eyesore. This proposal offers an opportunity for this old structure to be renovated on the interior and exterior. The number of parking spaces on the site is limited and will require a variance of 22 parking spaces from the Zoning Board of Appeals. With the necessary City approvals, it may be possible to widen and construct in the right-of-way parallel parking along Areada Street.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approval Board in accordance with Section 10.329 (5) of the Zoning Section of the Code of Ordinances, hereby approves the request.

Nguyen Phi Cuong, 5 Mile Road, Grand Rapids, Michigan, 49505, applicant was present and stated that this would benefit the businesses in the area. There being no further comments from the audience, the public hearing was closed.

Motion by Councilman Pearce,
Supported by Councilwoman Scott,

WHEREAS, a Special Approval Board application has been received from Nguyen Phi Cuong, 5 Mile Road, NE, Grand Rapids, Michigan 49505, requesting to use the property at 30565 John R Road for a sit-down coffee shop, said property being zoned B-1, Local Business; and

WHEREAS, a public hearing was advertised in the Daily Tribune on August 12, 1997, and 259 postcard notices were mailed to

property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that this proposal is to operate a sit-down coffee shop within the existing strip center on the southwest corner of LaSalle and John R. The proposed store space is 20 feet wide and contains approximately 1,000 sq.ft. The property is zoned B-1 Local Business. The applicant indicates that the business will serve coffee, tea, soft drinks and pre-packaged food, and have seating for approximately 24 people. There would be no cooking of food within the facility. The hours of operation would be Monday through Thursday, 10 a.m. to 10 p.m., and Friday through Sunday from 10 a.m. to midnight. The staff would consist of two (2) employees. The subject strip center contains 15,860 sq.ft. and has 560 ft. of frontage on John R. The amount of parking for the center (83 spaces) is adequate and in compliance with Zoning Ordinance requirements.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approval Board in accordance with Section 10.319 (4) of the Code of Ordinances, hereby approves the request.

Yeas: Mac Lean, McGillivray, Pearce, Russell, Scott, Stema and Suarez.
Nays: None.

294. Public Hearing - Special Approval - 30550 Stephenson.

A public hearing was held to hear comments, if any, to permitting the use of a warehouse membership club including automotive battery sales, tire sales and installation and food court with seating at 30550 Stephenson Highway, said property is zoned M-1, Light Industrial. Jeffrey Howard, Attorney, 2000 Town Center, Southfield, Michigan 48075-1195 representing the applicant, Costco Wholesale, 46000 Manekin Plaza, Sterling, Virginia 20166, stated that the nature of the business is consistent with the surrounding area. The business is a warehouse company with club membership of approximately 14 million with the majority of sales made to business members primarily for their own use and consumption. The business will carry a narrow selection of high quality brand names and quality goods and sold at substantially lower prices than at retail stores. He also stated that per the City’s request a traffic impact study was conducted comparing existing traffic conditions with project traffic conditions in light of a proposed use change from building material sales to a wholesale/retail facility and concluded that the proposed new use will not have a significant impact on traffic. There being no further comments from the audience, the public hearing was closed.

Motion by Councilwoman Stema,
Supported by Councilman McGillivray,

WHEREAS, a Special Approval Board application has been received from Richard S. Gross, Senior Vice President and Larry Harder, Director of Development for Costco Wholesale, 46000 Manekin Plaza, Sterling, Virginia 20166, requesting to use the property at 30550 Stephenson Highway for a warehouse membership club including automotive battery sales, tire sales and installation and food court with seating, said property is zoned M-1, Light Industrial; and

WHEREAS, a public hearing was advertised in the Daily Tribune on August 12, 1997, and 39 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that Costco Wholesale is proposing to purchase the Home Quarters site on Stephenson Highway and to occupy the building as one of their wholesale/retail outlets. Costco is a warehouse membership club that sells brand name and private label merchandise in a wide range of categories, each category having limited selection. The majority of their sales are to other businesses for their own use and consumption. The subject site consists of 15.24 acres with the existing Home Quarters building containing 104,090 sq.ft. The zoning is M-1 Light Industrial, which permits uses of this type after Special Approval by City Council. Specifically, plans call for the demolition of the existing greenhouse sales area and the elimination of all outside storage. They are proposing a 19,922 sq.ft. addition and a 5,520 sq.ft. tire center on the north side of the building, the reorientation of the main entrance to the northeast corner of the store and the construction of a new 8,000 sq.ft. receiving area and loading dock at the southwest corner of the building. When completed, the facility will contain approximately 136,000 sq.ft. and be served by 724 parking stalls. Costco's hours of operation are Monday through Friday from 10:00 a.m. to 8:30 p.m., Saturday from 10:00 a.m. to 6:00 p.m. and Sunday from 11:00 a.m. to 6:00 p.m. The store will employ approximately 150 people with approximately 50% being hired on a full-time basis.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approval Board in accordance with Section 10.329 (5) of the Code of Ordinances, hereby approves the request.

Yeas: McGillivray, Pearce, Russell, Scott, Stema, Suarez and Mac Lean.
Nays: None.

295. Public Hearing - Special Approval at 31051 Stephenson.

A public hearing was held to hear comments, if any, to permitting the use of a gift food package store at 31051 Stephenson Highway, said property is zoned M-1, Light Industrial. Patricia Michael, representing HOP Inc., 3559 Port Cove Drive #10, Waterford, Michigan 48328, stated that the business was purchased from the owners of Horn of Plenty Basket Business, who went out of business after 40 years. The primary business will be dealing with Corporate customers, through telephone and catalog orders and there is very little traffic at the business. She also submitted a letter from the owner of the property, Dale Wrubel, Advanced Printwear, 31191 Stephenson Highway allowing for the next four years to use the 45 unused parking spaces in the rear of the building. There being no further comments from the audience, the public hearing was closed.

Motion by Councilwoman Russell,
Supported by Councilman Mac Lean,

WHEREAS, a Special Approval Board application has been received from HOP Inc., 3559 Port cove Dr. #10, Waterford, Michigan 48328, requesting to use the property at 31051

Stephenson Highway for a gift food package store, said property is zoned M-1, Light Industrial; and

WHEREAS, a public hearing was advertised in the Daily Tribune on August 12, 1997, and 66 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that the petitioners are proposing to utilize the rear 6,300 sq.ft. of the Suburban Floral Delivery Service building for the preparation of food gift packages and baskets. The building is located on the west side of Stephenson Highway north of Thirteen Mile Road. The zoning is M-1 Light Industrial. The application indicates that their sales will be generated through phone, mail orders and catalog sales with only 1% or less of the sales to walk-in retail customers. The business will operate from 9:30 a.m. to 5:00 p.m. Monday through Friday, and be staffed by four (4) employees. During the holiday season from November 1 to January 1, the staff will be enlarged by an additional fifteen (15) employees. Given the nature of the products and the way in which sales are accomplished, this business seems well suited for placement in a light industrial building. The application indicates that the owner of the building has an agreement from the owner of 31191 Stephenson Highway to allow the parking of forty-five (45) vehicles during the holiday season when the sale of flowers and gift baskets are at a high point.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approval Board in accordance with Section 10.329 of the Code of Ordinances, hereby approves the request.

West 11 Mile Road for a sit-down and carry-out restaurant, said property is zoned B-3, General Business; and

WHEREAS, a public hearing was advertised in the Daily Tribune on September 12, 1997, and 151 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that the petitioner is proposing to demolish the existing gas station/frozen custard building on the northeast corner of Alger and Eleven Mile Road, and to construct a new drive-thru and sit-down restaurant on the site. The business will have seating for 20 people, be staffed by 4 employees per shift and have hours of operation from 10 a.m. to 10 p.m., 7 days per week. Please note that should Council approve this use, the applicant must then request and be granted a waiver of the 1500 foot requirement by the Zoning Board of Appeals.

This would be a place for records and conduct manager and safety meetings. WHEREAS, a Special Approval Board application has been received from Steve S. Bevins, 23870 Beacon, Farmington, Michigan 48336, requesting to use the property at 27627 John R Road for a temporary employment service, said property is zoned B-3, General Business; and

WHEREAS, a public hearing was advertised in the Daily Tribune on October 2, 1997, and 206 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that this proposal is to place a temporary employment service in the shopping center on the southwest corner of Farnum and John R. The proposed use would occupy approximately 2,000 square feet and be situated in the interior corner of the building. The proposed business would operate from 5:30 a.m. to 7 p.m. Monday through Friday, 6 a.m. to 10 a.m. on Saturday and be closed on Sunday. The business would be staffed by two employees with the zoning on the property being B-3 General Business. In considering this request, Council should be aware that over the past few years the Community Development Department has received complaints about people loitering around the offices of certain temporary employment services while waiting for possible work assignments. A concentration of this type of business in a given area could have a negative impact on surrounding businesses. Please note that the Royal Oak Employment Service, Inc. is already located in this same shopping center and Section 10.805 of the Zoning Ordinance contains the standards that should be used when considering a Special Approval request.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approval Board in accordance with Section 10.805 of the Code of Ordinances, hereby approves the request.

The proposed eating establishment will be located on approximately 1.9 acres of land within a building that contains 8,000 square feet. The business will offer a selection of soups, salads, burgers,

other entrees and alcoholic beverages. The hours of operation will be 11 a.m. to 11 p.m. seven (7) days per week. The owner has indicated that 90% of the gross revenue will be from the sale of food, with only 10% coming from the sale of alcohol. The zoning on the subject property is B-3 General Business, which permits restaurants after Special Approval by City Council. If approved, the proposed facility will be another step toward the completion of the Madison Commons development.

410. Special Approval – 31107 Dequindre Road.

A public hearing was held to hear comments, if any, to permitting the use of an employment office at 31107 Dequindre Road, said property is zoned B-1, Local Business. Michael Lawson, Attorney representing the applicant, Timothy Weiswasser, C.E.O. of Synergy Staffing, Inc., 18756 Middlebelt, Livonia, Michigan 48152 stated that after review of the Zoning Ordinance they meet or exceed all of the requirements. He also stated that Synergy does not engage in the practice of hiring people on a day pay basis and does not provide transportation to the job site. Letters were received from Mark Wise, landlord at Masters Plaza, 31115 Dequindre and Michael Wagner, General Partner and landlord of Continental Capital Realty, Inc., 2773 East Ellsworth Road, Ann Arbor, Michigan 48108 and both stated that Syngery Staffing, Inc is a responsible tenant. Timothy Weiswasser, C.E.O., Synergy Staffing, Inc., 23340 Little Rapids Court, Novi, Michigan stated that the primary issue with staffing agencies is the problems with day pay employees standing around for assignments and loitering. Synergy has not in the past nor will it engage in that style of practice. He also explained that this location will serve as a hub for sales staff, with interviewing and testing and will better serve their clients in the community and surrounding cities. There being no further comments, the public hearing was closed.

Motion by Councilman Mac Lean,
Supported by Councilwoman Scott,

WHEREAS, a Special Approval Board application has been received from Katherine Weiswasser, 18756 Middlebelt Road, Livonia, Michigan 48152 requesting to use the property at 31107 Dequindre Road for an employment office, said property is zoned B-1, Local Business; and

WHEREAS, a public hearing was advertised in the Daily Tribune on November 14, 1997, and 16 postcard notices were mailed to property owners within 500 feet of the aforementioned property; and

WHEREAS, a report has been received from the Community Development Department, stating that the applicant is proposing to locate an employment office for temporary, permanent and employee leasing within the Master’s Plaza strip center on Dequindre just north of Thirteen Mile Road. The business would operate from 8 a.m. to 5 p.m. Monday through Friday and be closed on Saturday and Sunday. The office would be staffed by five (5) employees, with the zoning on the property being B-1 Local Business. The proposed lease space would consist of approximately 800 square feet toward the east end of the building adjacent to the St. Jude medical facility. As we have previously indicated to Council, over the past few years the Community Development Department has received complaints about people loitering around the offices of certain temporary employment services while waiting for possible work assignments. However, the applicant has submitted a letter indicating that it is not the nature of their business to offer day work employment, which is sometimes associated with loitering. They further indicate that loitering has never been a problem

at any of their other locations. Section 10.805 of the Zoning Ordinance contains the standards that should be used when considering a Special Approval request.

NOW, THEREFORE, BE IT RESOLVED, that the Madison Heights City Council, acting as a Special Approval Board in accordance with Section 10.319 of the Code of Ordinances, hereby approves the request.

Motion by Councilwoman Stema,
Supported by Councilwoman Russell,

WHEREAS, the City of Madison Heights is a Michigan Municipal Corporation, duly and legally incorporated as a Home-Rule City under the provisions of 1909 P.A. 279, being specifically Michigan Compiled Laws (MCL) 117.1 et seq.; and,

WHEREAS, the Council Member is a member of the Madison Heights City Council, pursuant to Chapter 3, § 3.1 et seq. of the Madison Heights City Charter; and,

WHEREAS, the City has adopted and instituted a Computer Program for Employees for the public purpose of promoting computer literacy and proficiency among its employees; and,

WHEREAS, the City has adopted and instituted this Computer Program Policy for the Mayor and Council for the public purpose of promoting computer literacy and proficiency among its Elected Officials; and,

WHEREAS, the City intends to develop a World Wide Web site for the City enabling the Council, the Administrative Staff, the Employees and Citizens to log-on and obtain important information, messages and announcements about the City; and,

WHEREAS, this Computer Program Policy delineates the terms and conditions adopted and instituted by City Council for the Mayor and Council;

NOW, THEREFORE, in consideration of the mutual acts and promises, the Policy is follows:

1. **COMPUTER HARDWARE**. The City shall order the Computer Hardware described in Exhibit A attached hereto and made a part hereof. The Computer Hardware and its components (its internal parts, external parts, accessories and peripherals), and their replacement parts, if applicable, including but not limited to Disk Drives, Hard Drives, CD-ROM Drives, Tape Backup Drives, Random Access Memory Chips and Modules (RAM), Video Cards, Audio Cards, Modems, Motherboards, Monitors, Keyboards, Speakers, Mouse and other Pointing Devices, Printers, Cables and Manuals, shall remain at ALL times the sole property of the City, except as hereinafter provided. Any and all external hardware components added to the system by a Council Member and which is not required by the City, such as a Scanner, Joy Stick, Zip Drive, Microphone or a Second Printer, which can be easily disconnected from the system and its components ("detachable external hardware components"), shall remain the property of the Council Member.

The Council Member shall not modify any internal hardware components of the system or the configuration of the system (excluding installation of software and detachable external hardware components) unless said modification is necessitated by a required repair and said repair is performed by the City's Management Information Systems Administrator, his or her designate, or by an authorized service technician pursuant to an applicable warranty and/or service agreement. If any Computer Hardware components are replaced, the replacement part(s) and the original part(s) shall remain the property of the City, unless the manufacturer and/or the vendor requires a return of the original part in order to effectuate coverage under a warranty; in which case, the replacement part(s) shall remain the property of the City.

2. **COMPUTER SOFTWARE**. The City shall order the Computer Software described in Exhibit B attached hereto and made a part hereof. All software described in Exhibit B and software subsequently required by the City, including CD-ROM Disks, Floppy Diskettes and Manuals for said software, shall at ALL times remain the sole property of the City, except as hereinafter provided. The City shall install all software described in Exhibit B and any software subsequently required by the City. Any software purchased by a Council Member and not required by the City, shall be installed by the Council Member and shall remain the sole property of the Council Member.

3. **SET-UP**. The Computer Equipment will be delivered or shipped to City Hall. Upon receipt of the same, the City shall test the Computer Hardware and Software ("Computer Equipment") to make sure that it is properly functioning. If the Computer Equipment is properly functioning, the City shall record any and all model numbers, serial numbers and shall tag the Equipment with a City asset number identifying it as "Property of the City of Madison Heights." After tagging the Computer Equipment, the City shall deliver and set up the Computer Equipment at the Council Member's home. At set-up, the City will connect the computer's Modem line to an existing and functional telephone outlet. Any additional telephone line(s) or the splitting of any existing telephone line(s), dedicated for the use of the computer's Modem, shall be installed and maintained at the Council Member's sole cost and expense.

4. **INTERNET SERVICE PROVIDER**. The City shall obtain and install the necessary software to connect the Council Member to the City's designated Internet Service Provider (ISP) for internet access and E-mail. The City's current ISP is "The Library Network," a co-operative organization, consisting of numerous libraries in the tri-county area and beyond, including the Madison Heights Library. The City shall pay any and all fees required to establish and maintain the internet account for the Council. However, any and all telephone charges incurred by the Council Member, while connected to the ISP, shall remain the sole and separate obligation of the Council Member.

5. **MISCELLANEOUS ITEMS**. Any ink cartridges for the Printer, excluding the original cartridges supplied by the manufacturer or vendor, shall be purchased by each Council Member at his or her sole cost and expense; provided, however, the original or the replacement cartridges, where applicable, shall remain the sole property of the City when the Computer Equipment is returned to the City, except as hereinafter provided. In addition to the foregoing, any other miscellaneous computer items needed for use and operation of the Computer Equipment,

such as paper for the Printer, and not otherwise specifically provided for above, shall be purchased by the Council Member at his or her sole cost and expense.

6. **TERM**. The Council Member shall have the right to use and operate said Computer Equipment until such time that the Council Member is no longer a member of Council. This means that upon expiration of the Council Member's term of office, or upon the effective date of any resignation from office, or upon the effective date of any successful recall election from office, or upon the effective date of the Council Member's death, whichever occurs earlier (hereinafter referred to as "separation from office"), the Computer Equipment shall be returned to the City, unless the option to purchase is exercised as provided for in Paragraph Seven (7) below. If the option to purchase is not exercised, within fifteen (15) days after separation from office, the Council Member or his/her representative shall make suitable arrangements with the City for the return of the Computer Equipment to City Hall ("returned Computer Equipment"). A Council Member re-elected to office may retain the Computer Equipment, even though his or her former term of office has expired, until such time as the subsequent term or terms of office have been completed and he or she is no longer a member of Council, as described above. Within a reasonable period of time after being sworn-in as a new member of Council, the City shall deliver and install the returned Computer Equipment or new Computer Equipment, whichever is applicable, in a new Council Member's home, in the same manner as provided for above.

7. **OPTION TO PURCHASE** Upon separation from office, as defined in Paragraph Six (6) above, the Council Member shall have the option to purchase the Computer Equipment (hardware and software). The option price shall be based upon the purchase price paid by the City for said Equipment, plus shipping and handling charges paid by the City, minus depreciation of the Equipment as determined by the applicable Michigan State Tax Commission (STC) Assessor's Manual, being specifically Chapter 15 thereof, as follows:

DEPRECIATION SCHEDULE FOR COMPUTERS

Number of Years Particular Equipment Possessed	Value at Year-End As % of Purchase Price
Less than 1 year	100%
1	80%
2	60%
3	50%
4	40%
5	30%
6	20%
7	10%
8+	5%

For purposes of this Policy, the column referred to as the "Number of Years Particular Equipment Possessed," means the number of years that a Council Member possessed that particular Computer Equipment (commencing when the Equipment is delivered to the Council Member) and not the number of years that the Council Member is in office or the number of years that a Council Member possessed Equipment while in office. By way of example and illustration, ONLY: Council Member "A" possesses a City supplied computer, per this Policy, for six (6) years. The Computer Equipment becomes

outdated and obsolete. The City replaces the Computer Equipment with new Computer Equipment. Council Member "A" then possesses this new Computer Equipment for an additional two (2) years, when he/she separates from Council, as defined in Paragraph Six (6) above. At that time, the Council Member exercises his/her option to purchase the Equipment. The option price shall be based upon a value which is sixty (60%) percent of the original purchase price (including shipping and handling) paid by the City. The column referred to as the "Value at Year-End As % of Purchase Price," means the depreciated value of the Computer Equipment upon completion of the Year End, as determined by the foregoing Depreciation Schedule. By way of example and illustration, ONLY: Council Member "A" possesses a City supplied computer, per this Policy, for six (6) years. The Computer Equipment was delivered to Council Member "A" on December 10, 1997. However, for purposes of the foregoing Depreciation Schedule, Year One (1) begins on December 10, 1998. During the Year Five (5) [any time between December 10, 2002 and December 10, 2003], the Council Member separates from Council, as defined in Paragraph Six (6) above. The Council Member exercises his/her option to purchase. For purposes of this example, the purchase price paid by the City for said Equipment (including shipping and handling paid by the City) is the sum of Three Thousand and 00/100 ($3,000.00) Dollars. The option price according to the foregoing Depreciation Schedule would be thirty (30%) percent of the original purchase price, or Nine Hundred and 00/100 ($900.00) Dollars. If separation occurs prior to the beginning of Year One (1), the option price shall be One Hundred (100%) Percent of the Purchase Price, including shipping and handling paid by the City. Within fifteen (15) days after separation from office, as provided for in Paragraph Six (6) above, the Council Member or his/her representative shall make suitable arrangements with the City for either the return of the Computer Equipment to City Hall (as indicated in Paragraph 6) or to exercise his/her option to purchase at the option price determined by the foregoing formula. The option price shall be paid in one (1) lump sum payment to the City. In either event, the City shall no longer be responsible for connecting the separated Council Member to the City's designated Internet Service Provider (ISP) for internet access and E-Mail, which connection shall become the sole and separate obligation of the separated Council Member.

8. **RESPONSIBILITY FOR CARE, USE AND MAINTENANCE OF COMPUTER EQUIPMENT.** The Council Member shall maintain the Computer Equipment in good condition and repair. The Council Member agrees to locate the Computer Equipment and use it only at the Council Member's address, as identified in the preamble to this Policy, and shall not remove the Equipment from this location without first obtaining the written consent of the City. For purposes of this Policy, the phrase "the written consent of the City," means approval by the City Council in the form of a resolution passed at a public meeting. Furthermore, the Council Member agrees not to change, alter or remove, or permit to be changed, altered or removed, any insignia, lettering, serial number or model name of the Computer Equipment. The Council Member agrees to protect said Computer Equipment from any loss, theft, destruction or damage of it beyond repair ("loss"). In the event of any such loss, the Council Member shall notify the City promptly and hold the Computer Equipment or any wreckage thereof available to the City for disposal.

9. **USE**. The Computer Equipment shall be used by the Council Member. Any other use is prohibited unless the Council Member first obtains the written consent of the City,

as hereinbefore defined. The Council Member may use and operate the Computer Equipment for any matter pertaining to City business and/or City affairs and for any other purpose not otherwise restricted or proscribed herein. The Council Member shall use and operate said Computer Equipment in compliance with all applicable Federal laws, State statutes and City ordinances, including any rules and regulations pertaining to the same. The Council Member shall **NOT** use or operate said Computer Equipment to view, depict, display or engage in any act proscribed or prohibited by Chapter 17, Article VI, Division 2 of the Code of Ordinances of the City of Madison Heights, entitled "Pornography," or any similar Federal or State statute regulating the same. The Council Member shall **NOT** use or operate said Computer Equipment to view, depict, display or engage in any act proscribed or prohibited by Michigan Compiled Laws (MCL) 750.147b, or any similar Federal or State statute regulating the same and/or engage in any activities in the use or operation of said Computer Equipment which violate the rights of another person based upon race, color, religion, gender or national origin. Further, the Council Member shall **NOT** use or operate said Computer Equipment for any disorderly, indecent, immoral and/or illegal act or conduct in violation of any Federal law, State statute or City ordinance, including any rules and regulations pertaining to the same, all of which is hereinafter referred to as "Prohibited Material." This restriction regarding "Prohibited Material" includes but is not limited to any material used and/or obtained by downloading, uploading and/or installation of standalone software in any form or in connection with any On-Line Service, World Wide Web Site, Gopher Site, FTP Site, Bulletin Board, Electronic Mail, Newsgroup or Chat Room.

10. **OPEN MEETINGS ACT**. The Council Member shall not use or operate said Computer Equipment, either by Electronic Mail, Bulletin Board, Newsgroup, Chat Room or by any other electronic method, for any purpose in violation of the Open Meetings Act, 1976 P.A. 267, as amended, being specifically Michigan Compiled Laws (MCL) 15.261 et seq.

11. **FREEDOM OF INFORMATION ACT**. The Council Member shall not use or operate said Computer Equipment, either by Electronic Mail, Bulletin Board, Newsgroup, Chat Room, or by any other electronic method, for any purpose in violation of the Freedom of Information Act, 1976 Public Act 442, as amended, being specifically Michigan Compiled Laws (MCL) 15.231, et. seq.

12. **ELECTIONS**. The Council Member shall not use or operate said Computer Equipment, either by Electronic Mail, Bulletin Board, Newsgroup, Chat Room, or by any other electronic method, for the purpose of campaigning for his or her own re-election to office or to another City or non-City office, for the purpose of campaigning for the re-election of any incumbent Council Member to office or to another City or non-City office, or for the purpose of campaigning for the election of a non-incumbent candidate for Mayor or Council. However, nothing herein shall prohibit or prevent any Council Member from using another computer or computer system, not owned by the City for these purposes. Any other use or operation of the Computer Equipment by the Council Member, not otherwise prohibited or restricted herein, including but not limited to any electronic transactions, shall remain the sole obligation and responsibility of each respective Council Member.

13. **OWNERSHIP**. Except as provided for in Paragraph Seven (7) above, the Computer Equipment is, and shall at all times

remain, the sole and exclusive property of the City. The Council Member shall have no right, title or interest in it except as expressly set forth in this Policy.

14. **PERSONAL PROPERTY**. The Computer Equipment is, and shall at all times remain personal property and shall not become a fixture or become a part of the real estate upon which it is located.

15. **NO ASSIGNMENT/SUBLETTING**. The Council Member agrees not to assign, lease, sublease or transfer the interest in the Computer Equipment without first receiving the prior written consent of the City. Said consent shall be in the City's sole and absolute discretion.

16. **QUIET ENJOYMENT**.
