#### Operating Millage Renewal Proposal

**The Lamphere Schools  
County of Oakland  
State of Michigan**

This proposal would renew and continue the authority of The Lamphere Schools to levy up to 18.00 mills for general school district operating purposes on taxable property in the School District to the extent that such property is not exempt from such levy. The original authority to levy 19.75 mills, which currently expires with the School District's 2021 tax levy, has been rolled back to 19.37 mills by application of the Headlee Amendment to the Michigan Constitution. If approved, this proposal would renew and continue the authority of the School District to levy the statutory limit of 18 mills on non-homestead (principally industrial and commercial real property and residential rental property) and allow the School District to continue to levy the statutory limit of 18 mills on non-homestead property in the event of future Headlee rollbacks of up to 1.25 mills. Under existing law, if approved, this proposal would also limit the levy of the authorized mills on principal residences to that portion necessary to allow the School District to receive the full revenue per pupil foundation allowance permitted by State law. The School District levied 14.5 mills on personal residences in 2021.

Shall the limitation on the total amount of taxes which may be assessed against all property, except property exempted by law, situated within The Lamphere Schools, County of Oakland, State of Michigan, be increased as provided in the Michigan Constitution, in the amount of 19.25 mills with 18 mills being the maximum allowable levy (\$18.00 on each \$1,000 of taxable valuation), for a period of ten (10) years, 2022 to 2031, inclusive with the 19.25 mills being a renewal and continuation of an authorized millage which expires on June 30, 2022. This operating millage if approved and levied, would provide estimated revenues to the School District of Thirteen million, nine hundred ninety-three thousand, five hundred fifty-nine (\$13,993,559) Dollars during the 2022 calendar year, to be used for general operating purposes.
